## Differences Lessen In Rail Dispute

### President Voices Hope As Deadline Nears For Strike

WASHINGTON (AP) — Differences were reported narrowing today as negotiators bargained toe-to-toe with less than 72 hours remaining before the delayed deadline for a nationwide railroad strike.

Representatives of five unions and nearly 200 railroads were closely examining each other's proposals "decimal point by decimal point," said White House press secretary George Reedy.

President Johnson voiced hope again Tuesday that the two sides in the five-year-old work-rules dispute would come up with a voluntary settlement before Saturday's scheduled 12:01 a.m. strike deadline.

Johnson was reported so hopeful of an agreement by that time that he has not yet asked for any extension of the 15-day strike postponement he won April 10.

Talks with federal mediators were going virtually around the clock.

Sources close to both sides said the talks were in a highly crucial stage and that the outcome was still uncertain.

Reedy said the two sides were engaged in "very thorough, very exhaustive, discussions" based on an exchange of working papers on their respective proposals.

The dispute involves a complicated system of work rules governing wages, job classifications and working conditions.

"There is a narrowing of differences, there is a clarification of language," Reedy said. Johnson, speaking to a group of editors and broadcasters visiting the White House Tuesday, said, "We think that collective bargaining is hard at work."

Commission Post Questioned

## *Wellsville Council Orders Suit Over Lloyd's Status*

A formal resolution ordering a suit in Common Pleas Court at Lisbon against Richard N. Lloyd, a member of the Civil Service Commission, was approved by Wellsville City Council Tuesday night. His right to serve on the commission is being contested.

Council, in the resolution, directed Solicitor William Bush to institute and prosecute an action on behalf of the city against Lloyd "and such other person or persons the solicitor deems necessary to contest the validity of the appointment of Lloyd to the Civil Service Commission."

—:—

THE RESOLUTION points out Lloyd voted Democratic on at least two occasions prior to his appointment to the commission by Mayor William Daugherty.

Lloyd was named as the minority Republican member. Council, by adopting the resolution, contests his legality in serving by declaring he is an "adherent to the Democratic party."

Council at its last meeting passed a motion directing Bush to take whatever steps necessary to resolve the question.

The Civil Service Commission will conduct a hearing Monday night at 7:30 at City Hall on an appeal filed by John Hephner, who was fired as police chief by Mayor Daugherty.

Hephner has been accused of misconduct. If the commission upholds his removal from office, he will carry the appeal to Common Pleas Court.

A ruling was sought previously from the attorney general's office at Columbus, but Council was informed that the decision as to whether Lloyd is a Democrat or Republican will have to be settled in court.

This is the first action. It was necessary for someone or an official body to charge that Lloyd is not a Republican but a Democrat.

—:—

BUSH POINTED out to Council that he will have to prosecute the case, but that the city will be responsible for providing legal counsel for Lloyd.

Councilman Dwight MacLean opposed the resolution. He said he doesn't believe it is Council's business.

Councilman Walter Henthorne differed with MacLean on the point. Councilman Paul Todd moved and Henthorne seconded that the resolution be adopted under suspension of rules.

Councilman Nunzio Lombardozzi moved and Henthorne seconded the measure be adopted as read.

Lombardozzi and Henthorne are Democrats. The other members of Council are Republicans.

—:—

MAYOR DAUGHERTY presented a detailed report to Council of the money he has collected and turned over to the auditor. Council had pressed him for the reports in the past.

Todd, finance chairman, thanked the mayor for the report. He then commented that for the period from March 13 to April 11, the mayor turned over to the city a total of $5,727.64 while for the entire year of 1963 he turned in only $6,300.

Henthorne then said the monthly reports were missing for December 1963 and January 1964. The mayor had told the clerk, Wayne Rose, earlier he

## 25 Arrested In Incident At Queens

### Some Cars Towed Away As 'Stall-In' Apparently Fails

NEW YORK (AP) — There were some clashes between police and civil rights demonstrators today but the World's Fair opened on schedule.

There had been threats that the fair opening would be disrupted by civil rights groups.

Violence broke out in a Queens subway station where some demonstrators jumped to the tracks in the city's first subway lie-in.

Twenty - five persons, some with blood streaming from heads and faces from wounds suffered in the fight with police, had been arrested by the time the fair opened.

The subway incident started when someone pulled an emergency cord that brought a train to a jarring halt.

Some demonstrators aboard the train leaped to the tracks while others tried to obstruct doors of the train.

Three white women were among those arrested. They chanted "Freedom now" and "Just like Birmingham" on arriving at a police station.

The demonstration had been planned largely as a stall-in—the deliberate stalling of automobiles to block traffic leading to the fair.

Police spotted a number of stalled cars and towed them away, but traffic appeared lighter than usual. Many motorists who ordinarily pass the fairgrounds area in commuting from Long Island to New York City apparently took other routes.

Richard Whalen, an Associated Press newsman flying in a helicopter, said policemen were posted in pairs along the fair approaches and that numerous tow cars were parked beside the highways.

James Farmer, national director of the Congress of Racial Equality who said he would lead the peaceful demonstrations inside the fair, said they were intended to spotlight the issues between the "glitter and the fantasy of the World's Fair and the real world of discrimination."

Farmer led demonstrators in a march from a mid-Manhattan church to Pennsylvania Station where they boarded a Long Island Rail Road train for the fairgrounds to picket certain state and commercial exhibits.

Farmer carried a cattle prod, a battery-powered pole that produces an electric shock when pressed against cattle or people. He also carried a placard that

When Cuba Gets Arsenal

## *Restrain Castro, U.S. Asks Mr. K*

WASHINGTON (AP) — The United States is trying to get Soviet Premier Khrushchev to keep a restraining hand on Fidel Castro's trigger finger when he gives the Cuban leader control of a modern arsenal of anti-aircraft missiles in the near future.

This is one of two motives behind an unusual series of public statements and secret diplomatic moves warning the Cubans against shooting down any of the U.S. photo-reconnaissance planes which periodically fly over their island.

The other purpose is to try to get Prime Minister Castro and his advisers to understand that, as one official here put it, "We just won't tolerate any interference with those overflights which are essential to our security."

Officials here say privately that if Castro shoots down a U.S. plane he will have to expect a quick and violent retaliation. But so far, no one in a position of authority has been willing to say what form such retaliation would take.

At the time a U.S. U2 photo reconnaissance plane was shot down over Cuba during the October 1962 missile crisis, there was widespread talk in Washington that if another such incident occurred the United States would knock out the Cuban antiaircraft missile bases by selective bombing attack.

The latest of the new warnings to Cuba came from President Johnson Tuesday in talking to a group of newsmen at the White House.

"It is essential that we maintain surveillance and know whether any missiles are being shipped into Cuba. We will have to maintain our reconnaissance and over-flights," the President said.

"Any action on their part to stop that would be a very serious action. We have so informed them and their friends."

The President did not say what friends of the Castro regime he had in mind but the implication was clear enough that he was speaking of the Russians.

Ironically, the present uneasy fears of a new Cuban crisis arise from the apparently imminent success of the United States in achieving one of its major objectives — the withdrawal from Cuba of the last of the Soviet troops which went into the island in 1962 when the Soviet Union was installing nuclear missiles with which it could have launched a direct attack on the United States.

It was this action which produced the crisis which was broken when Khrushchev withdrew the missiles.

## Chester Plans For Sewage Plant Cleared

### But Council's Told State Dissatisfied With Water Rates

Chester Council was advised Tuesday night that its plans for construction of a sewage disposal plant and water system have been approved by the U.S. Health, Education and Welfare Department at Charlottesville, Va.

But the other shoe dropped, when Mayor Harry Abrams announced the W. Va. Public Service Commission in Charleston has questioned the city's water rates, and returned its application.

The water rates to be imposed in the new system must meet state specifications before the PSC okays the sewage rates.

Presently, some customers are billed a flat rate for water service, and others are billed by meter readings.

Clerk Roy Cashdollar indicated the city may be required to make another survey and readjust its intended plan of rate charges. But the survey is not definite, and Council may "sit and wait" for further word from the state, according to comments at the meeting in City Hall.

With only three members attending, Council hurried through one of its briefest meetings in recent weeks. Absent were Councilmen Don Chaney and Carl Graham.

Voting 3-0 to turn over information on new automatic billing equipment to the Water Board, presented by two spokesmen from a Wheeling firm, were Councilmen Charles Kology, Donald Hissam and Wayne Hutton.

### Rains Appear At End Now It's Cool Trend

Spring being what it is, the rainy period apparently has ended but a cooling trend is on the way.

The mercury was at 51 degrees downtown at 6 a. m. and the day's high range will be 65 to 70 but the temperature will dip into the 40's tonight, remaining cool Thursday with cloudy skies.

Rainfall since Tuesday morning totaled 0.08 inch, boosting the precipitation since Sunday to 1.7 inches, the Montgomery Dam said. The Ohio River was falling after cresting at 21.3 feet at the dam.

## Spy Trade Reported By Britain, Reds

### Illness Of One Cited; Swap Made At Germany Point

LONDON (AP)—A Royal Air Force plane brought Maynard Greville Wynne home from a Moscow prison today in a trade for Soviet spy Gordon Lonsdale.

The exchange was made at the Heerstrasse crossing point between the British sector of West Berlin and East Germany at 5:35 a.m.

Wynne, 45, arrived at London's Northolt Airport seven hours later.

The British Foreign Office said it agreed to the exchange because Wynne was ill.

The once-chubby Wynne, who had lost a great deal of weight, told newsmen the swap for Lonsdale came as a great surprise to him.

Wynne had been in Communist hands for two years and five months. He was sentenced in Moscow last May to eight years detention—three in prison and five in a labor camp—as a courier of espionage information.

## *Ferryboats' Owners Fight Tieup By U.S.*

Robert Christy and Jack Morrow, operators of the Shippingport ferry service, sought legal counsel today to fight Federal District Court's seizure of their two craft in damage suits filed by widows of two men drowned in the Ohio River in a collision.

Area residents meanwhile were taking the "high road"—the East Liverpool and Monaca bridges—after the ferry service was halted Tuesday afternoon when U. S. marshals seized the "Christmoor" and "Manchester" ferry boats.

The suits were filed by the widows of two South Hills men drowned Oct. 1, 1963, in a collision between one of the boats and a tow of barges.

The owners, Christy and Morrow, were associated in the suits and ordered to post bonds totaling $10,000.

When they failed to produce the bonds yesterday, marshals were directed to impound the boats.

The ferries carry motorists from Shippingport across the river to the Duquesne Light Co. power plant and to the Crucible Steel Co. plant.

During the shutdown, patrons

## Peace Hailed By Johnson In Fair Talk

### President Predicts Theme Of Festival Will Achieve Goals

NEW YORK (AP)—President Johnson turned prophet today at the opening of the New York World's Fair and said that peace not only is possible but coming nearer, with all this means for the dreams and hopes of mankind.

The President said that the final direction of the nation's progress can be toward "abundance or annihilation—development or desolation" — and this is in the hands of the people of the world.

In an address prepared for delivery in Singer Bowl at the fair, Johnson said this vast festival represents the most promising of our hopes.

"It gathers together, from 80 countries, the achievements of industry, the wealth of nations, the creations of man. This fair shows us what man—at his most creative and constructive — is capable of," Johnson said.

"But unless we can achieve the theme of this fair—Peace Through Understanding' — unless we can use our skill and wisdom to conquer conflict as we have conquered science—then our hopes of today—those proud achievements—will go under the devastation of tomorrow.

"I prophesy peace is not only possible, I predict it is coming nearer."

Amendment Passage Urged

## House Group's Hearings Open On School Prayer

WASHINGTON (AP)—A leader in the fight against the Supreme Court's school prayer decision said today "a fraternity of cynics" seeks to sever all national ties to religion.

Rep. Frank J. Becker, R-N.Y., sponsor of a proposed constitutional amendment that would permit prayers and Bible reading in public schools, urged its speedy adoption by Congress.

Becker was the first witness at House Judiciary Committee hearings which he has been demanding ever since the June 1963 court decision outlawing official public school prayers.

At least 60 members of Congress and about 75 church and public witnesses are expected to testify at the hearings, which probably will last more than a month.

Becker, who has traveled over the country urging support for his proposed amendment, and who helped stir up one of the most massive mail campaigns in its favor ever to hit Capitol Hill, said the issue raised is the most important Congress can face.

"The welfare and the entire future of our beloved America depend upon how we handle the most dynamic tradition in our national life—dependence upon Almighty God," he said in a prepared statement.

Those who pressed the issue that was finally resolved by the Supreme Court, he said, are determined to "create a feeling that a tribute to God in relation to the affairs of our nation is a misdemeanor, if not a crime."

Many church leaders have spoken out in opposition to Becker's proposed amendment.

Becker did not refer to them, but noting the heavy outpouring of mail supporting his position, he said: "If we ignore the compulsion which comes from the hearts of the people concerning this matter, we will be put in the position of throwing off the switch which connects a central dynamo to the lights of a great nation."

## Tumble Hurts City Firemen

### 2 Hurled To Floor As Scaffold Tips

Two city firemen were recovering at home today from injuries suffered early Tuesday afternoon when a scaffold tipped and allowed them to fall to the floor as they scrubbed a ceiling at the Pleasant Heights station.

James Curry, 30, of Dorothy Ave., Pleasant Heights, suffered a cut and a bump on the back of his head, a strained neck and a possible concussion.

Jack Bromby, 57, of Montgomery Ave. suffered a strained back and possible ankle injuries.

Bromby was X-rayed at City Hospital and his injured back was taped. Fellow firemen said his ankles also were swollen, ap-

### Blaze Causes Damage At Chester Gas Station

Minor damage to the grease rack area of a Chester service station was reported by firemen after grease in the garage ignited about 11 a. m. today.

Wilbert Sayers, 541 Florida Ave., operator of the service station between 4th and 5th Sts., escaped unharmed when the blaze broke out while he was repairing a tire with hot patch.

Firemen said the hot patch apparently ignited grease on the floor. Sayers used a fire extinguisher and Patrolman Clifford Bebout, passing by, summoned firemen.

### Chester Will Launch Cleanup Drive May 4

Chester's customary spring cleanup on a citywide basis was scheduled or the week of May 4 by Council Tuesday night.

Councilman Don Hissam, who suggested a date be set for the cleanup, emphasized the importance of homeowners in placing their trash in containers.

The plan calls for city residents to collect their rubble — minus garbage — place it in containers at curbside, and phone City Hall for pickup.

The street department trucks will make the rounds collecting the containers along the streets. "But the rubble must be in containers, and there must not be any garbage," Council members declared.

## *Greek Cypriot Wounded During Firing On Cyprus*

NICOSIA, Cyprus (AP) — A Greek Cypriot was reported wounded in the hand today during several hours of firing between Greek and Turkish Cypriots in a suburb of Famagusta, on the east coast of Cyprus.

The firing occurred close to the camp of the 600-man Irish contingent of the U.N. peace force. The Irish are to take over the area at midnight.

British troops and an Irish patrol removed British children from a nearby school.

Civilian police attached to the U.N. peace force began patrolling today in one of Nicosia's worst trouble spots.

U.N. Secretary-General U Thant hopes to get countries which have sent troops to Cyprus to send civilian police. He feels police are better trained to deal with riotous situations.

## PTA Slates Carnival For Pleasant Heights

Plans are being completed for the annual Pleasant Heights Parent - Teacher Association carnival Friday night at the school.

The carnival, slated to begin at 7, will include cake walk, talent show by the Ronnie Boston dancers, a "spook room," country store, bazaar, luncheonette, fish pond and other games.

Prizes will be awarded, according to Paul Herman, general chairman. Proceeds will be used for school projects.

## Man Dies In Fire

CLEVELAND (AP) — An 82-year-old man died Tuesday in a fire of undetermined origin that caused an estimated $20,000 damage to the home of Charles R. Barkley in Shaker Heights. The victim, Harry F. Babcock, was found in the kitchen. He was the father of Mrs. Barkley. The Barkley family was not at home when the fire broke out.

## Tax Office Questions

On the surface, commendable motives of economy and efficiency were ascribed to City Council's proposal Monday night to make radical changes in the administration of the city income tax office.

But underneath, still vivid in the public's memory, are flash-backs to the sniping back and forth across the political fence by Democratic members of Council and the city tax commissioner, a Republican.

The Council, comprised of six Democrats and a lone Republican, approved a motion to consider legislation eliminating the job of Tax Commissioner D. G. Wilkinson and transferring administration of the department from Treasurer Bert A. Dawson to Auditor Lawrence Zollinger.

In transferring the overall authority for operation of the tax office, councilmen said they would expect the auditor to use the clerks in his office as well as the remaining personnel in the tax office when there is a quarterly rush of returns to be handled.

**THE NET RESULT** of the change apparently would be to eliminate the job now held by Wilkinson. It's commendable if economy and efficiency are the moving forces. But if it's a way of settling old political scores, then the move is something else again.

Perhaps the auditor, an elective official, can administer the tax office in addition to his other duties. But there is no legal way to compensate him for the additional work. An elective official's salary cannot be raised during his term. Zollinger's four-year term is only a little over three months old.

Several questions pose themselves in considering Council's plan:

Can the efficiency of the tax office be increased by removing an official who is familiar with the duties and substituting another who knows nothing of the operation?

Will elimination of Wilkinson's salary be offset by the need to hire additional employes to assure that the work is performed promptly?

Can the auditor properly supervise the tax operation in its basement quarters while working in his own office on another floor?

Should the auditor be asked to assume the added work and responsibility of administering more than $250,000 in collections each year without any hope of additional salary?

We trust Council will give careful consideration to all the questions — and answer them to the public's satisfaction—before proceeding with this plan.

**THE GOOD OLD** American game of politics is accepted by everyone, Republican and Democrat alike, so long as the public good does not suffer.

As part of the argument in favor of shifting the tax office responsibility, Councilman Norman Bucher said the East Liverpool operation costs 7 per cent of the gross revenue for administration, supplies and other expenses. The statewide average is 3 to 6 per cent, he said.

No one has any quarrel with the figures, as far as they go.

But the administrative cost in East Liverpool is boosted by the fact a large per centage of tax-payers work outside the community and must file individual returns.

In most Ohio communities, virtually all taxes are collected by withholding at the source, thus cutting down administrative costs.

The complicated task of operating the East Liverpool department is another reason why Council should think twice before proceeding with its plan to remove an official familiar with all the ramifications.

Economy is fine, so long as it goes hand-in-hand with efficiency.

## To The Secretaries

In this Ohio Valley area of business and industry, those familiar with the complex operations of mill, office and store know how important a capable secretary can be.

During the current observance of National Secretaries Week, the people who realize this importance of a "Girl Friday" may well stop and make two wishes.

One wish could be that those women who work long and faithfully and efficiently achieve the understanding they deserve and that all their hopes may be realized.

The other wish would be that those few women who don't work long and faithfully and efficiently soon emulate those who truly deserve the honors accorded them.

To the secretaries, bless 'em.

## Ohio Civil Rights Laws

The civil rights debate in general, like the filibustering debate in the U.S. Senate, bumbles along in a state of confusion much of the time.

But occasionally a bright flash of understanding breaks through the gloomy argumentation. For Ohioans, a particularly bright light is the realization that passage of a federal civil rights bill like the one already passed by the House of Representatives and now pending in the Senate would have no effect in their state.

Ohio is one of some 23 states in the Union that already have civil rights laws more stringent than the federal proposal. If a federal law is passed this year, the Ohio law still would be the guiding light for civil rights here because in all states with strong local legislation this would be the arrangement.

**IN OTHER WORDS**, Ohioans who try to make it appear that a federal law would upset practices long familiar in their state are guilty of falsehood.

Except for the technical sections of the proposed federal law, every detail of that law already has been legislated in Ohio, beginning as far back as 1868, when the last school segregation law was repealed.

The segregation that Negroes object to in this state is due to the fact some neighborhoods are dominated by one race, not because only one race is admitted to the neighborhood school.

Ohio law does not permit tampering with voting rights, discrimination in public places, discrimination in education, or discrimination in employment. Over a period of years everything now being debated bitterly in the Senate, whose key committees are dominated by irreconcilable members from segregationist states, has been enacted by the Ohio Legislature.

**THE EFFECT** of a federal law would be to affirm as national policy what has been Ohio law for many years.

There would be a fresh wave of interest in both the principle and enforcement of the state's civil rights laws.

But as for the laws, themselves, Ohio already has them.

### *Who Needs Enemies?*

## Final Showdown Due With Hoffa

By Victor Riesel

An eight-year jail term may be the least of Jimmy Hoffa's worries by next fall. He could go to prison for life, if he is convicted on all counts in his multi-million dollar loan fraud trial which opens at Chicago April 27 and which may run right through the steaming summer.

Victor Riesel

This case—and not the battle of Chattanooga—will be the final showdown between the still powerful Teamsters' chief and the government. It took the FBI more than two years to put together the evidence which the Justice Department's special prosecutors will heave at Hoffa in their effort to prove that he and seven co-defendants fraudulently helped others obtain $20 million in loans from the quarter billion dollar Central States Teamsters pension fund.

Many know that the government also is charging Hoffa and other seven with slicing a million dollars of this money for themselves—and that Hoffa is accused of using $100,000 of the million to get himself out of personal financial difficulty.

**BUT FEW KNOW** the more dramatic details of the government's indictment.

Hoffa and the others, for example, are charged with demanding and receiving fees, stock options and stock interests as payment for their services in obtaining the loans from the pension fund, which covers almost 200,000 hard - working Teamsters in 20 states.

Hoffa, the only one of 16 fund trustees indicted, is further accused of using "fraud, deceit, misrepresentation and overreaching," and of abusing his "position of trust" as a trustee by seeking to influence and obtain approval of the loans.

The grand jury indicates he was quite active on the loan front. According to its charges, he personally familiarized himself with loan applications prior to their application to the trustees, personally presented applications to them, made false representations and misleading statements to the trustees and professional advisors and spoke out and voted in favor of the loans in conference telephone calls as well as at meetings.

**FOURTEEN LOANS** are mentioned in the indictment. These officially went for the construction of hotels, shopping centers and other projects in six states: Florida, Louisiana, Alabama, Missouri, New Jersey and California.

The government charges, in one instance, that the accused gave false information to the trustees on a corporation which they said had assets of $3.6 million. It's net worth, according to the Justice Department was less than $5,000.

Another instance cited involved a North Miami, Fla., hospital. The defendants, says the Justice Department, told the trustees that $2 million in loan funds was used for construction of this hospital when, in fact, "a substantial portion" of the funds had been diverted.

The indictment also says that the false and misleading information submitted by the defendants to the trustees included representations that additional pension fund loans were used for construction or remodeling when, in fact, all or part of the loan funds had been spent for "other purposes."

**THEN THERE** is the matter of something called Sun Valley, Inc., a Florida homes development project to which old Teamsters were to retire. According to the government, 45 per cent of Sun Valley stock was held in trust for Hoffa "and another person not named." Wonder just who that alleged person could be?

Hoffa also had an option to buy an additional 45 per cent, making 90 per cent in all.

He then could have resold if the mood struck him. The government states that, at Hoffa's direction, $400,000 of the funds of Local 299, of which he is also president, was deposited in a non-interest bearing account in a Florida bank as security for bank loans to Sun Valley.

In 1959 this move was challenged as a breach of Hoffa's fiduciary duties. But Local 299 could not withdraw the money because Sun Valley was in difficulty and could not repay the loan for which the union's money had been deposited as security.

**THEN CAME** a complex move which ended up in the alleged use of $100,000 diverted from pension fund loans to help satisfy the Sun Valley debts and, thus, permit the withdrawal of Local 299's deposit.

All this the government hopes to prove. It charges 20 counts of mail fraud, seven counts of wire fraud and one count of conspiracy. In addition to heavy fines, each count carries a five-year term. This would make it 140 years for any defendant convicted of all of them.

Small wonder that uneasy lies the head that still wears the crown.

## Johnson Gives Views

By David Lawrence

### He Says Goldwater Leads GOP Race

President Johnson readily could be classed as a "pro" in national politics and he showed his insight even into the techniques of the opposite party when he said at his latest news conference that Sen. Goldwater is "up there pretty high" in the Republican presidential contest.

David Lawrence

Mr. Johnson, in an apparently disinterested vein, passed out some information on the Republican race which corresponds with what the insiders in the Republican party have been saying among themselves. The president commented as follows:

"One of the men I talked to yesterday, who is very knowledgeable in public affairs, told me that he thought if Sen. Goldwater carried California — and Illinois, as he has — if he carries Texas as he expects to, without any question, and the other Southeastern states, probably having Arizona and some of the states like Montana and Wyoming, that potential was some 632 votes, without one or two other states that they considered could go his way.

"It looked like a pretty solid figure, over 500, the way it was going now. I haven't checked it and I don't know anything about it. But when you take the Southeastern votes that have indicated they are for him, and add to them Illinois, Texas and California, what he might pick up in some of the other states, I think he will be up there pretty high."

**WHILE MANY** Republican observers throughout the country see the race the same way, some of them are frank to note that if Goldwater doesn't make it, many of his votes will be passed on to former Vice President Nixon.

Incidentally, what the President said, and what his informant told him, are in direct contrast with recent reports in newspapers analyzing the primary election in Illinois.

Several writers, for instance, drew attention to the fact that Sen. Goldwater got 64 per cent of the Republican vote in the presidential - preference primary but that he polled only 51 per cent of the Republicans who went to the polls to vote for a gubernatorial candidate. This comparison isn't really significant at all, because again and again the total number of votes cast for governor have been in excess of those cast for president.

In the Illinois primary this year, the names of both the gubernatorial and presidential candidates were printed on the same ballot but only Sen. Goldwater and Sen. Margaret Chase Smith were officially listed in the presidential race. So the voting for Lodge and Nixon had to be by write-in.

**A TOTAL** of 800,000 votes were cast for the presidential nominees, while one million voted for the Republican candidates for governor in the primary. Persons who worked in the campaign in Illinois say that the gubernatorial race was much more hotly contested and attracted far more interest than did the presidential primary.

Even this doesn't answer all the questions that could be asked. While Sen. Goldwater got 513,000 votes out of one million cast for all the candidates—a clear majority — the question arises as to how many of the 206,000 votes cast for Sen. Margaret Chase Smith, for example, were a compliment to the first woman candidate and whether the bulk of those cast would have gone to Ambassador Lodge or former Vice President Nixon if their names had been on the ballot.

As it was, a write-in of 52,000 for Mr. Lodge and approximately 25,000 for Mr. Nixon raises the question of how these two groups of voters would have recorded their likes or dislikes if the ballot had been solely between Sen. Goldwater and Mr. Lodge, or between the Arizona senator and Mr. Nixon.

**IN MANY STATES** candidates in the primaries for the party nomination for the presidency, for the governorship and for other offices are on the same ballot. In many other states they are not. In a few big states, voting machines make it difficult to split a ticket when there are so many candidates listed for a number of offices.

One of the phenomena of American elections is the way in which members of Congress sometimes run far ahead of the nominees for president and sometimes far behind.

A few decades ago, when there was a simple ballot, the presidential nominee usually carried along on his coattails the congressional nominees of his own party. This doesn't happen today.

In recent years, only 90 out of every 100 persons voting for president have taken the pains to vote for congressional candidates. There is plainly an indifference to the congressional elections. Yet sometimes when a contest is sharp and the race is bitter, the total votes cast in a congressional election in some districts will far exceed those cast for the presidential candidates.

**THERE SEEMS** to be no explanation for the erratic behavior of the voters themselves as recorded in the totals. There is adequate explanation either as to why so many people do not vote at all. It is true sometimes personal emergencies or other difficulties in getting to the polling places prevent voters from casting their ballots but more often than not it is lack of information about any of the candidates or the issues which produces either bewilderment or indifference — and often both.

## Desert Lake Mystery

Salton Sea Continues To Rise

EL CENTRO, Calif. Damage estimated at millions of dollars has been caused by mysteriously rising water in the land-locked Salton Sea.

Homes, resorts, military installations, thousands of acres of farmland—even such California oddities as dry-ice caves and steam pots almost side by side—have been inundated by the slowly rising salt water lake.

Thirty-six miles long and up to 16 miles wide, the Salton Sea is breathtaking when viewed for the first time. Rimmed by rugged mountains, reflecting the bright blue of the desert sky, the sea seems out of place in its vast cactus - littered valley.

Long famed for fishing, hunting and boating, the sea in recent years has spurred promoters to attempt several real estate booms.

None has been more than moderately successful. Subdivisions have been laid out around expensive yacht clubs and thousands of lots sold for city prices but few homes have been built, largely because of the shortage of fresh water and the distance to major population centers. Los Angeles is a good three hours' drive to the west.

In the last three years another spectre has risen to haunt promoters—an increase in the rate of rise of the water level.

When the sea was formed in 1906 by Colorado River water pouring through a break in the All-American Irrigation Canal into the long-dry bed of an ancient ocean, its surface was about 250 feet below sea level. Now the surface is only 234 feet below sea level. In the past three years it has risen two feet and the rise now is measured at a quarter inch a week.

Where is the water coming from? Not the heavens because rainfall last year measured only four inches.

The New and Alamo rivers which pour into it from the south carry mostly sewage water from Mexicali, a city of 240,000 on the Mexican border.

The actual amount of water from this source is not determined but it is doubtful it compensates for the evaporation loss of more than 72 inches a year.

Probably a principal source—although no one wants to admit it—is excess irrigation water from vast Imperial Valley vegetable and cotton fields. California has been fighting with Arizona for years for the lion's share of Colorado River water and any hint that California is getting more than it needs would be ammunition for Arizona's legal guns.

Whatever the source, the Salton Sea is rising, slowly lapping at structures on its shoreline.

# *Utility Finds 17 Of Chester Lights 'Free'*

For an undisclosed number of years, the expenses of some of Chester's street lights have been "on the house," Council was advised Tuesday night.

Clerk Roy Cashdollar disclosed the city has been paying the bills for 137 lights, while a recent survey of the Monongahela Power Co. revealed there are 154 in the municipality.

The study also showed, Cashdollar said, that the city had been paying the cost of electricity for only 64 lights of 250 candlepower, while the actual number under city obligation is 91.

Similar surveys were made in other cities by the utility, and the results were "startling," mostly against the company, Cashdollar said.

He advised Council that the city's new light bill will be $26.88 more a month, or a total of $309.08.

The clerk said he conducted a survey himself, and found only four lights of a questionable status.

Council agreed to accept the inventory of the utility and retain all the street lights now in operation.

As part of the survey, the utility placed metal tags on each utility pole designating the candlepower of each light.

Council also agreed unanimously to make the customary switch to Daylight Saving Time Sunday through Oct. 25 to be in accord with nearby communities.

## Lisbon CD Unit Plans Course In First Aid

LISBON — Plans for a first aid course were discussed at the Civil Defense meeting Tuesday night in the Village Hall. Mrs. Rex Teagarden, newly appointed CD director, was in charge. Eighteen attended.

Taught by Robert Schuck of Salem, the 10-hour course will begin May 5 for five consecutive weeks.

An advanced 15-hour course is expected to begin later.

Next meeting will be Tuesday at 7:30 p. m. in the Village Hall and all interested persons may attend.

# Post Office Will Start New Plan Of Carrier Technician

A postal department plan to have older carriers, whom it feels are more qualified, serving mail routes on the compensatory days off of the regular carriers, has backfired at the local Post Office even though the department tempted the men with a salary increase.

However, three "carrier technicians" will begin work Saturday under the new program in which each will carry a different route on each day of the week. The "technicians" will be increased to "level 5" in the pay scale with the salary boosts ranging from $360 to $480 yearly.

Postmaster Samuel W. Brown said the department felt the carriers with longer lengths of service would be more qualified to pass the regular routes than newer men with less experience. It hit on the "carrier technician" plan and a salary boost to lure the senior carriers.

The local office took 15 of its routes and made three groupings of five routes each. In general, each grouping includes so-called "flat" and "hilly" routes, an East End route and a mounted route.

The routes were posted and could be claimed on a seniority basis.

However, only William Anthony, carrier on Route 2, a combination business and residential route in the downtown area, chose to become a "technician." The other two posts went to John Fisher and Robert Godwin, both utility men and comparatively far down on the seniority lists, Brown said.

Most of the senior carriers bypassed the plan, apparently satisfied with the route they are carrying and feeling the salary increase did not compensate for other factors, such as learning four more routes or the possibility of having to walk one of the more hilly routes or drive a mounted route in winter weather.

In Anthony's case, since the grouping he selected did not include his present route, he will have to learn five routes.

The change also will result in some other internal shifting to make a workable schedule for the other carriers, Brown concluded.

would turn in any reports missing from the records.

The mayor said he had finally caught up on his bookkeeping.

—:—

HENTHORNE later raised the question why no pinball machine distributor fees had been collected in 1963. The mayor said Robert Logan, the only pinball operator, said he was no longer a distributor, but only an exhibitor.

A distributor must pay a $1,200 master license and each exhibitor is required to pay a $10 monthly fee.

The mayor said there were no payments recorded from Logan the last two quarters of 1963 as he claimed he was no longer a distributor.

He also said that there were no records of any exhibitor's fees being paid by Logan, but that he had been asked to either show receipts or make the payments.

Henthorne said the mayor neglected his duty in not making the collections. The mayor retorted this is the job of the law enforcement agency of the city.

—:—

THE QUESTION of appointment of a City Planning Commission by the mayor was raised again by Henthorne. The mayor said he has not taken any action and said he could not find any record of any previous commission.

Bush commented he and Fire Chief Robert Lewis had been named to the commission several years ago, when it was first formed, but it never actually functioned.

In other business, Council directed Rose to write a letter to the Civil Service Commission asking why it revoked the present eligibility list of Charles Amato and Leonard Hephner.

Henthorne questioned the mayor and solicitor and was told to ask the commission.

## Prison Term Upheld For Man In Forgery

The 7th District Court of Appeals Tuesday upheld the sentencing of Austin Wayne Hoschar, 36, of East Liverpool to 1-20 years in the State Penitentiary for passing a fraudulent check.

Hoschar was indicted by the September Grand Jury on two counts of forgery. He was found guilty Oct. 8 by a jury and was sentenced Dec. 6 but appealed.

He was found guilty March 25 by a jury on the second count and has asked for a new trial.

# 3 Given Fines For Speeding

Three motorists were fined $10 and costs each today by Municipal Judge Samuel M. Chertoff, who convicted them on speeding charges filed by city police and the State Highway Patrol.

Each of the drivers entered a "no contest" plea, which allowed them to give an explanation of their side of the case, although admitting the facts alleged by the arresting officers.

The defendants were:

Paul V. Baxter, 815 McKinnon Ave.; Mrs. Ruth Paul Diddle of R. D. 3 and Fred A. Huston, 801 Riverside Ave., Wellsville.

Patrolman Paul A. Blevins testified he cited Baxter at 9:49 p. m. Tuesday for allegedly driving 40 miles an hour in a 25-mile zone on St. Clair Ave. He said he followed Baxter most of the way up the St. Clair grade, halting him at North St.

The defendant said he did not realize he was speeding, as he was not watching his speedometer.

Mrs. Diddle was cited by the patrol Monday night on a charge of driving 60 miles an hour in a 45-mile zone on Route 30 at Cannons Mills. She told the judge she was talking with her daughter as she drove down the grade and did not realize she was exceeding the speed limit. She said she looked at her speedometer when she saw the patrolman and it showed a speed of 50.

Huston was cited April 15 at 5:30 p. m. by the patrol on a charge of driving 55 miles an hour in a 45-mile zone, also at Cannons Mills. Huston told the court he "probably did exceed the speed limit" while passing a steel - laden truck.

## Stricken Newspaper Executive Seen 'Fair'

Ralph Smith, classified advertising manager of The Review, was in "fair" condition today at City Hospital and his wife, Mrs. Joyce Smith, was in "fairly good" condition.

Smith was admitted Tuesday after he became ill in an East End physician's office. His wife was admitted early Monday after having been given oxygen by firemen at their home at 945 Princeton Ave.

Firemen are checking for the possibility of carbon monoxide at the home but Chief Charles Bryan said he spoke with the physician who said neither illness was caused by fumes.

# Mission Fund Drive Slated

Delmas Sanford, chairman, announced final plans for the fund drive when the Board of Directors of the Community Rescue Mission met Tuesday night at the Broadway Center. Charles Waggoner, vice president, presided.

The drive is being conducted Monday through May 2 to reduce the debt on its building. The theme is "Wanted — Spiritual Share Croppers."

The March report was given by Supt. Carl Mansfield, who said that 211 persons were provided beds, 516 meals served and six families aided. He also gave the treasurer's report.

The board commended Supt. Mansfield for his work at the mission since he took over a year ago.

Prayers were led by Ed Wine and Bill Parsons.

Next meeting will be May 19.

said: "This is a cattle prod used by Louisiana police."

He said CORE members had come from Missouri, Mississippi, Louisiana, Florida and other states.

"I personally am going to demonstrate against the Louisiana pavilion," Farmer said.

Farmer, who was jailed in Louisiana last summer, said he intended only to exhibit the cattle prod and not to use it.

At least 1,000 CORE members had entered the grounds within an hour after the fair opened.

Leaflets handed to the inside demonstrators by CORE leaders admonished them against carrying any sharp instruments, even nail files.

The plan for the stall-in had been for drivers to let their cars run out of gasoline on the fair approaches.

The first to be towed away, however, had two flat tires.

The City Transit Authority posted at least one guard in each subway car to prevent the pulling of emergency cords.

Heavy details of police and two cars were posted at all bridges and tunnels.

## Watch Those Gulls

NEW YORK (AP) — A marine insurance company, which insures a great number of pleasure boats in the New York Harbor area, warns its clients to watch out for sea gulls floating on the water, especially several in a row. The gulls probably are not floating at all, but sitting on a log just below the surface. Such logs are part of the crop of driftwood, estimated by the Port of New York Authority as causing as much as $4.3 million damage yearly to pleasure craft.

# Board Hires 6 In Hancock Faculty Posts

Six new elementary teachers were hired, and first, second and third probationary contracts awarded 57 instructors by the Hancock County Board of Education Tuesday night.

Employed as new instructors were David R. Stevens of Chester, Emilia M. Viola of Steubenville, Linda Sue Ashcraft of Hundred, and Charlotte Ewasky, Elizabeth A. Hricik and Barbara Lee Nottee, all of Weirton.

Granted first probationary contracts were Judith Carson and Floyd Lancia, the latter instructor of instrumental music at Oak Glen High School.

The board also assigned teachers to buildings in the system for next year's school term.

The resignation of Mrs. Flora Schmitt was received. She is retiring after 20 years at Weirton Heights Elementary School. Doris Bourne Seeley of Weir High was given a leave of absence. Miss Geraldine Harless of Weirton was hired as a secretary in the curriculum office in Weirton.

Purchase of eight new school buses for a total of $50,958 was approved. The bodies were purchased from the Myers Equipment Co. of Canfield for $2,886.75 each, and the chassis from Cattrell Motor Co. in Weirton for $3,483 each. The bids were the lowest in five years, according to Charles McKinney, assistant superintendent. The board plans to exercise its option of purchasing other buses at the same cost from the firms later.

Five teachers were authorized to attend a meeting of the West Virginia Education Association April 30-May 2 in Charleston. They are Robert Wern, Mrs. Thelma Daugherty, George LaNeve, Virginia Vincent and Charles Sargent.

The board delayed action on a request of the Lawrenceville fire department for the bands of Oak Glen, Chester and Newell to perform in a fireman's parade June 5 at 7 p.m. The request was made directly to the board, and the board agreed that each school is to make its own requests for such activities.

Supt. Robert H. Hall and McKinney attended a meeting of Northern Panhandle school officials today at Wheeling, one of seven regional conferences to be held in April and May as recommended by the state.

Next meeting is May 5, when bids will be opened for landscaping of Oak Glen and Weir High Schools.

Deaths and Funerals

# Death Claims Widow At 69

NEW CUMBERLAND — Mrs. Julia T. Bradley, 69, of Waverly, Ohio, widow of Arch Bradley, died this morning at 1:30 at the Pike County Hospital in Waverly after a year's illness.

Mrs. Bradley was born at Hartford, W. Va., May 19, 1894, to Elwood Turley and Elizabeth Copeland Turley. She retired in 1956 as postmaster at Power, W. Va.

She leaves a son, Wayne Bradley at home; a daughter, Mrs. Doris Heinritz of Saratoga, Calif.; a brother, Leslie Turley of New Cumberland; two sisters, Mrs. Helen Wern and Mrs. Katherine Evans, both of Weirton, and three grandchildren.

Services will be held Friday at 3 p. m. at the Turley Funeral Home by the Rev. G. Ousley Brown, pastor of the Presbyterian Church of Weirton.

Friends may call at the funeral home after 3 p. m. Friday.

## James Brandon

NEW CUMBERLAND — Services for James E. Brandon of Steubenville, will be held Thursday at 10:30 a. m. at the Fields Funeral Home on Ridge Ave.

The Rev. Allen S. Fields, minister of the Christian Church, will officiate and burial will be in New Cumberland Cemetery.

Mr. Brandon died Tuesday morning at the Ohio Valley Hospital in Steubenville.

Friends may call at the funeral home any time today.

## Youth Held For Court In East End Burglary

David Lee Stoakes, 19, of 1070 St. George St., was bound over to the Grand Jury today in Municipal Court after waiving a preliminary hearing on a charge of burglary "with intent to commit a felony" last Dec. 3 at an East End lumber firm.

Stoakes entered a not guilty plea before Judge Samuel M. Chertoff through his counsel, Atty. John B. McDonald, and signed a written waiver of the preliminary hearing. His $1,000 bond was continued.

Capt. Robert Pyle and Patrolman Kenneth Mooney filed the charge against Stoakes April 14, alleging he entered the Adkins Lumber Co. on Harvey Ave., obtaining a small amount of money. Stoakes was taken to court April 15, but the preliminary hearing was continued until today to permit him to obtain counsel.

## County Bar To Hear Talk On IRS Changes

Atty. Milton R. Schlesinger of Cleveland will speak on changes in the internal revenue code at a dinner meeting of the Columbiana County Bar Association Friday night at 6:30 at the Country Club.

Atty. Schlesinger, partner in a Cleveland law concern, is an authority on federal and state tax regulations. Atty. Ben Berman is president of the county group.

graph Corp. of Wheeling explained to Council that their bid on equipment for installation of water and sewage billing was misdirected to their office, missing the deadline for bids.

They had planned to bid on two pieces of equipment and 1,400 embossed plates. Under their system, water meters would be read only once every three months and the bills would be estimated for the other months. They pointed out their firm installed such automatic equipment in Wheeling for $21,693, and the city estimated it would save $18,000 a year, reducing the water department personnel by five clerical workers and meter readers.

Council agreed unanimously to furnish paint to the fire department with the understanding that the firemen are to paint the fire station and clubrooms.

Council was also advised that two employes of the state are helping the street department crews patch streets and clean ditches. They are paid $1 an hour by the state.

Following adjournment, Council gave approval at a special meeting for the clerk to advise Hancock County Assessor Arnold Anderson and State Tax Commissioner G. Thomas Battle that the levy for 1964-65 is accepted. The city will receive $26,692 of its new budget from county tax revenue, raising $40,000 of the $65,458 budget locally.

Next meeting was set May 5.

## Washington St. Closed To Allow Crane Work

A half-block section of Washington St. between Summit Ln. and E. 5th St. was closed to traffic today to permit a mobile crane to lift a new air conditioning unit to the roof of the D. M. Ogilvie & Co. store.

Safety-Service Director Robert E. Vodrey said the city granted permission for closing of the street for about half a day to permit the work. He said barricades were erected early this morning so the curb would not be lined with parked cars before the work began.

must cross the river either via the Monaca - Rochester Bridge or the East Liverpool-Chester span.

Federal officials at Pittsburgh said the boats will be released as soon as the owners furnished the $10,000 bond. In the meantime, the boats were docked at a federal installation in Glenwillard.

The legal action was started by the widows of Philip McManus, 35, of Pleasant Hills, and Richard A. Pidgeon, 41, of Mt. Lebanon. Both were employed as engineers by Crucible Steel.

The widows filed suit asking in excess of $10,000 against Consolidation Coal Co., owner of the barges that collided with the ferry. Subsequently, the coal company filed suit associating the ferry owners as co-defendants.

Whatever the outcome of the suit, the ferry is scheduled to go out of business when the new Shippingport - Midland bridge is completed.

## Western Beaver Puts $600 In Scholar Fund

A total of $600 has been collected in the "Dollars For Scholars" drive in the Western Beaver School District, Mrs. Cleo Renwick, drive chairman, reported.

Reports are expected from other sources in the school district shortly Robert Conroy, chairman of the overall fund campaign of the Citizens Scholarship Foundation, reported.

parently as the result of landing on his feet on the concrete floor. He was sent home with orders to rest for the balance of the week.

Curry evidently struck his head on the concrete floor. He was X-rayed and examined at the hospital and then sent to a physician's office for treatment. He also was ordered to remain at home for a few days to determine if there is any further reaction from the head injury.

Safety - Service Director Robert E. Vodrey, notified of the mishap, took Bromby to the hospital, along with Capt. Robert Pyle and Patrolman Kennteh Mooney. Asst. Chief James Pelley took Curry to the hospital.

The director said Bromby and Curry were working back-to-back on the portable metal scaffold, scrubbing the ceiling in the station's truck room. The scaffold, mounted on casters, tipped over and allowed the two to fall.

The scaffold had been used in cleaning at Central Station and then was moved to the Heights, part of a general cleaning of station, the director said.

# County Spellers Wait Canton Bee

Five spellers representing Columbiana County schools, including two from Westgate Junior High, one from Beaver Local and two from United Local, will be among 38 youngsters vying in the 18th annual regional spelling bee Friday night at Canton Timken High School.

Representing the county in the order they finished in the county qualifying bee will be:

—:—

MALCOLM Ogilvie, 13, son of Mr. and Mrs. Donald Ogilvie of Blazer Ln. and an eighth grader at Westgate Junior High.

Ruth Stamp, 14, daughter of Mr. and Mrs. Robert Stamp of Salem R. D. 2, an eighth grader at United Local.

William Humphrey, 14, son of Mr. and Mrs. Earl Humphrey of Hanoverton R. D. 1 and a classmate of Miss Stamp's.

George Sturgeon, 12, son of Mr. and Mrs. Franklin Sturgeon of Elkton and a seventh grader at Beaver Local.

Deborah Banfield, 14, daughter of Dr. and Mrs. H. Fred Banfield of Highland Colony and a classmate of Ogilvie's.

As the time for the bee sponsored by The Canton Repository approaches, the five are pouring over dictionaries, hopeful of emulating the feat of Gary Barringer, now a freshman at Westgate, who won the regional title a year ago to earn a trip to the national finals in Washington where he finished third.

—:—

MAC AND DEBBIE will make a special effort since a victory will retain for Westgate the Dennis R. Smith Memorial plaque which Gary brought home last year.

The plaque becomes the permanent possession of any school whose spellers have won it three consecutive years. Four schools have had double winners but none have been able to capture the elusive third crown.

The bee will get under way at 8 p. m. in the school auditorium. There is no admission charge and the public is invited.

The spelldown will follow the annual "Banquet of Champions" in the school cafeteria for the finalists, bee chairmen and officials of elimination contests in Carroll, Columbiana, Holmes, Stark and Tuscarawas counties.

Gary and his parents, Mr. and Mrs. John Barringer, 900 Princeton Ave., will be guests at the banquet and bee.

—:—

AS ONE OF the preliminaries, the order of spelling was determined over the weekend in a draw for positions.

Miss Stamp will spell in second place, Sturgeon will be 14th, Ogilvie will be 22nd, Humphrey 36th and Miss Banfield will be last. Barbara Freshley, an Alliance seventh grader, won the "pole" position.

It will be Ogilvie's second appearance in the regional spelldown. He spelled in last position in the 1962 bee and ranked 22nd. It will mark the first appearance of the other four.

Each of the finalists will be presented with a personalized portfolio by The Repository, a member of the Brush - Moore Newspapers, Inc., along with The Review and The Salem News, which co-sponsored the countywide spelldown.

—:—

BESIDES THE all - expense trip to Washington for the national finals June 1-6, the champion will receive a gold medal, a portable typewriter and a 24-volume set of the latest edition of the Encyclopedia Britannica.

Besides the memorial plaque, the champion's school will receive a year's supply of educational films from Encyclopedia Britannica.

The runnerup will be presented with a portable typewriter and the third place winner will be given a copy of the Britannica World Language Dictionary.

# Ohio Employment Reported Up, Best Since 1958 Seen

COLUMBUS, Ohio (AP) — Nearly 65,000 more Ohioans hold jobs than a year ago and employment appears headed for the best year since 1958, latest figures showed today.

Administrator Willard P. Dudley of the Bureau of Unemployment compensation said the trend brightened job prospects for June high school graduates, an unexpected economic upset.

Bureau reports to Gov. James A. Rhodes said total employment reached 3,661,900 last month, compared with 3,597,500 in March a year ago, for an increase of 64,400.

Non - agricultural employment gain was even higher. Those figures were 3,124,600 last March, compared with 3,056,300 for the same month a year ago, a gain of 68,300.

The totals indicated a drop of about 4,000 jobs in agriculture.

Unemployment in Ohio last month stood 42,200 below March of 1963. That was 5.1 per cent of the covered labor force against a national average of 5.9 per cent at the end of the first quarter.

The Ohio figure included 1 per cent for unemployables, those who cannot hold jobs.

Ohio unemployment dropped from 236,900 in March a year ago to 194,700 last month, the bureau report said.

Unemployment usually hits bottom annually in October, the bureau said. Ohio's rate last October was 3.7 per cent, a full point below the national average.

The state's worst unemployment rate in recent years was 10 per cent in 1961, a recession year, nearly 2 per cent below the national rate.

## 86 Hear Bethany Aide At Fellowship Dinner

Dr. Frank Dunn, assistant to the president of Bethany College of Bethany, was guest speaker for the dinner meeting of the Columbiana County Men's Fellowship of Christian Churches Monday night in the Wellsville church.

Some 86 attended. The baked steak dinner was served by the CWF. Carolton Nicolaus, president of the host group, was master of ceremonies. Robert Henthorn was soloist. Mrs. Dunn and Mrs. Mildred Herron of St. Petersburg, Fla., were guests.

## Funeral Rites Set

Chapter Holds Crowning

# 'Secretary Of Year'

Mrs. Angie Frank was crowned "Secretary of the Year" at the third annual executives' wives dinner meeting of the East Liverpool Chapter of the National Secretaries Association Tuesday night at the Country Club as part of the observance of "National Secretaries Week."

Miss Susan Graff, who won the title last year, is shown doing the honors. She received a gift from the chapter's officers and an arm bouquet of American beauty roses from the group with Mrs. June Roberts making the presentation.

A secretary at WOHI, she is a charter member of the chapter, formerly vice president and recently elected to a second term as president. Active in community affairs, she has been corresponding secretary for the Citizens Scholarship Foundation for two years.

Mrs. Joyce Lucas, vice president and program chairman, was mistress of ceremonies for the program on a World's Fair theme.

Miss Arletta Helfrich, director of vocal music at the high school, presented the Concert Choir, which is leaving June 3 to attend the fair at New York.

As the theme for the fair is "Peace Through Understanding," the choir sang "One World."

Among the selections was a parody, "Give My Regards to Broadway," written by Marianne Siddel, who directed the group in the number. Accompanists were Barbara Hall, Ann Spore and Miss Siddel.

H. Jud English, manager of the Columbiana County Motor Club, screened color slides of the fair. He spoke on the highlights. Miss Linda Lowers read the commentary. A large map and several pamphlets were distributed.

Guests introduced were Miss Arlene Farnham, past state president, and Mrs. Lillian Rowland, both members of the Canton Chapter.

Mrs. Evelyn Hartman and Miss Graff prepared the program booklets which featured a wide variety of current comments including hospitality ideas.

Mrs. Ruby Coleman registered guests.

A travel theme featured table decorations where a large world globe centerpiece was encircled by flags. Accenting the ends of the table were groups of balloons placed in styrofoam squares decorated with red and blue maline. Favors were Irish coffee cups filled with popcorn, and globe pencil sharpeners. Miss Juanita Burlingame gave the blessing.

Gift prizes were awarded Mrs. Charlotte Cole, Mrs. Ruth Pearson, Miss Catherine Franzetta, Mrs. Jo Ann Mackall, Mrs. John W. Hayes, Mrs. Marlene Glass, Mrs. Charles Taylor, Mrs. Elizabeth Jackson, Mrs. Edwin L. Bayley, Mrs. Joseph Coons, Mrs. Dorothy Swearengin, Mrs. Lynn Cowan, Miss Lowers and Mrs. Lester Hall.

Installation of officers will be held at the next meeting May 5 at the Potters Savings & Loan Co. annex.

## $25 Contributed To Choir Trip By Democrat Group

The East Liverpool Democrat Club voted to donate $25 to the East Liverpool High School Choir for a trip to the World's Fair during a meeting Tuesday night at the Travelers Hotel.

Thirty attended. Rudy Halpate, president, presided. Don Gosney, county chairman, reported on the Democrat banquet held Saturday in Steubenville. He also said the Columbiana County Junior Democratic Club will meet tonight at 6:30 at Lisbon.

Candidates were introduced, including Lou Sowards, Frank Wilson and Robert Owen, for county commissioner; Carl Stacey, clerk of courts, and Ford Joseph of Salem, for state representative.

Members of City Council attending were Floyd Murray, Don Smith, James Cunningham, Donald Hancock and Norman Bucher.

The next meeting is May 19.

# Freese's Blast Wins Home Run Derby For Pirates, 8-5

## Wagner's Clout Leads Tribe Victory

By MIKE RATHET
Associated Press Sports Writer

Charles Finley doesn't need a pennant porch. He needs a right fielder on stilts.

Finley's right fielder, Rocky Colavito, had all the other equipment, a glove, spikes and a wedding gown white uniform, but without the stilts he just couldn't handle Leon Wagner's high, towering homer that triggered Cleveland to a 5-3 victory over Kansas City Tuesday night.

The Indians' victory ruined the A's home debut and spoiled the coming out party for the porch, but in no way dimmed the festivities. A few more innovations from Finley and Kansas City could have held its own World's Fair.

There were these attractions provided by the A's owner for the 28,165 on hand in mult-hued Municipal Stadium:

—The A's, dressed in their alternate uniforms of wedding gown white, trimmed in Ft. Knox gold with Kelly green sleeves.

—A battery of 60 green and gold lights and three loud horns, set to go off for every A's homer in place of the fireworks the city has banned Finley from using.

—The outfield walls, painted green and gold and splotched with question marks where white lettering compared fence distances with New York's Yankee Stadium.

—The porch, an area in right field that reduces the dimensions of Municipal Stadium, bringing them more in line with the distances at Yankee Stadium.

The A's looked sharp. The outfield walls were informative. And the lights worked. But the porch didn't.

Finley built the porch to catch the A's homers. It was bigger originally, but didn't conform to baseball rules and was whittled down in size. It stood there beckoning Tuesday night — but all three homers hit eluded it.

Meanwhile, homers were hit all over Wrigley Field in Chicago, Pittsburgh defeating the Cubs 8-5 on Gene Freese's pinch-hit homer in the ninth inning — the ninth homer of the game.

In the only other games played, Cincinnati walloped Houston 10-5 with a 16-hit attack and Detroit whipped the Los Angeles Angels 6-4.

The Philadelphia at New York and Washington and Minnesota games were rained out.

Wagner came up in the eighth with the Indians trailing 2-1 and slammed his homer, far over Finley's porch. Dego Segui, the losing pitcher, had shot Kansas City into the lead with a homer in the seventh.

In the ninth, the lights flashed again when Bill Bryan homered for the A's, but Ted Abernathy came on to preserve Jim Grant's triumph.

Freese's three - run shot capped a homer derby that left the two teams one shy of the National League single game record. Roberto Clemente, Dick Schofield and Jim Pagliaroni also homered for the Pirates while Jimmy Stewart, Andre Rodgers, Ron Santo, Billy Cowan and Billy Williams connected for the Cubs.

Four of Chicago's homers were off Vern Law. Roy Face got the victory while Fred Norman lost it.

Vada Pinson cracked two singles and a triple, Pete Rose collected a double and two singles and Chico Ruiz hit an inside-the-park homer as the Reds belted the Colts.

Cincinnati starter Jim O'Toole was forced to leave after six innings because of a bruise on his pitching hand from a shot off Pete Runnels' bat and John Tsitouris finished up. Jim Owens took the loss.

Frank Lary, Larry Sherry and Phil Regan collaborated on the pitching for the Tigers, limiting the Angels to six hits. Sherry got the victory with three hitless innings.

## Thomas Wins 2 Events In Tigers' Loss

Greg Thomas won both dash events but Wellsville's track team was beaten by Toronto, 79-44, Tuesday afternoon on the Tigers' track.

The loss was the fourth straight in duel meet competition for the Tigers.

Thomas won the 100 in 11.1 then cameback to capture the 220 in 23.8.

Ron Daniels scored for Wellsville in the mile with a 4:55.9 clocking while Ron McCauley was the 880 winner in 2:16.6.

The mile relay team of Young, B. Pease, T. Pease and Moorehead won the event in 3:50.2.

Wellsville will host Beaver Local Friday afternoon.

TIGER BILL BRUDEN scores from third base in the sixth inning at Los Angeles Tuesday night, sliding under Angel catcher Bob Rodgers' tag after Norm Cash grounded out to first baseman Joe Adcock who then relayed to Rodgers. Detroit defeated the Angels, 6-4. (UPI Telephoto)

## ELHS Wins 3rd Duel Meet; Votaw Takes 3 For United

United's Ken Votaw scored victories in three field events but it wasn't quite enough as East Liverpool defeated the Golden Eagles, 67-51, in a duel meet Tuesday at Patterson Field.

Votaw won the shot put with a toss of 42 feet, 10½ inches, took the discus at 111 feet, 10½ inches and high jumped 5 feet, 11 inches.

The victory was the third straight in duel meet competition for the Potters as each school won seven events. East Liverpool's ability to pile up seconds and thirds proved the difference.

Distance star Curt Battistelli won two events with a 5:00.5 clocking in the mile and 2:13.2 in the half mile run.

Bob Lane was a double winner for the Potters taking the 180-yard low hurdles in 23.2 and the broad jump with a leap of 18 feet, 8½ inches. He was second in the high hurdles.

Bob Montgomery claimed a first for the Potters with a reading of 9 feet, 11 inches in the pole vault. East Liverpool's other first came in the 880-yard relay where Chema, R. Smith, Lane and Olmstead won by going the distance in 1:42.3.

United's Kovach won the 120-yard highs in 17.4 while Ziegler was clocked in 57 flat over the quarter - mile. Anderson of United was the 220-yard dash winner in 24.8 and the Eagles' mile relay team of Ziegler, Dangler, McGranahan and Farmer won in a time of 3:52.3.

East Liverpool is scheduled to host Oak Glen Friday afternoon.

## Putt Has 39 To Lead EL In Golf Win

With sophomore Harold Putt firing a 39, the Potter golf team won its fourth match against one defeat with a 12-1 victory over Beaver Local Tuesday afternoon at the East Liverpool Country Club.

Behind Putt were Bruce Burbick, 42, Tom Stepien 44 and Rich Anderson 47.

Carl McComas paced the Beavers again carding a 42 while Jim Evans showed a 46, Mike McGeehan 50 and Bill Brian 53.

East Liverpool will meet Youngstown Ursuline Friday at 4 p. m. and Youngstown South Saturday at 9 a. m. Both matches are scheduled for the local Country Club.

### U.S. Soccer Team Wins Mexican Event

MEXICO CITY (AP)—America defeated Monterrey 6-5 Tuesday night and won Mexico's Presidential Soccer Tournament in a game that went into two overtimes and finally was decided on penalty kicks.

## Celtics Seek 3rd Straight Over Frisco

SAN FRANCISCO (AP) — Boston's Celtics and the San Francisco Warriors meet again tonight at the Cow Palace with the Warriors battling to stay in the National Basketball Association playoffs and avoid a whitewashing.

Not since 1959 when the Celtics beat the Lakers of Minneapolis four straight has the final playoff been determined in the minimum number of games.

Alex Hannum of San Francisco vows it won't happen this time although his club trails two games to none. He also said they'll win in seven even though no NBA club has won a playoff after losing the opening pair.

Red Auerbach of Boston has warned the Warriors against fisticuffs such as marked the second game in the Boston Garden when Wilt Chamberlain decked Clyde Lovellette with a right to the nose.

### Soviet Cagers Beat U.S. Team By 82-65

MOSCOW (AP) — An American men's basketball team has been beaten on Soviet soil for the first time in seven years of U.S.—U.S.S.R. competition.

The Russian national team accomplished the feat Tuesday night, defeating a touring AAU club, 82-65, before a turnaway crowd of 16,000, including two Soviet spacemen, at the Sports Palace.

## 150 Students To Take Part In Gym Show

Some 150 East Junior High students from grades 7-9 will participate in the Sixth annual gymnastic show Friday night beginning at 7:30 in the school gymnasium. The show annually attracts a capacity crowd.

Both girls and boys will take part in the show which is under the direction of Mrs. Gyla Nicely and Dom Cascio, physical education instructors.

Among the featured events will be trampoline, parallel bars, rhythm, rope jumping, exercise to music, tumbling, rope climbing and pyramids.

Admission will be 50 cents for adults and 25 cents for students.

**THE EAST JUNIOR** gymnastic show also will include square dancing which is being shown by Brenda Owens (left) and Penny Rogers.

## Red Sox Put Waivers On Big Gene Conley

BALTIMORE (AP) — Gene Conley, the longtime multiple job major leaguer, is unemployed.

The Boston Red Sox have waived for $1 the 6-foot-8 giant with an ailing pitching arm and an estimated $28,000 price tag.

"Conley no longer figures in our pitching plans," Manager Johnny Pesky said Tuesday night in making the announcement. "We are going with the younger pitchers. Conley said his arm was okay but we knew it wasn't."

"I still think I can do some club a lot of good," Conley said from his Foxboro, Mass., home

# Diddle, Bradley, Roberts Pace Beavers' Track Win

Roger Diddle and Warren Bradley piled up most of the points and a bright young sophomore Larry Roberts broke his own record in the shot put as Beaver Local scored a 71-47 victory over visiting Canfield Tuesday afternoon.

The victory was third in five outings for the Beavers.

Roberts put the shot 43 feet, 1½ inches to better his own school mark of 40 feet set last week.

Bradley took both hurdles events clearing the highs in 16.3 and the lows in 22.8. He also ran a leg of the winning mile relay team and tied for first in the broad jump.

Diddle won the 100-yard dash in 10.6 and the 220 in 25 flat. Diddle also was a member of the winning 880-yard relay team and tied with Bradley in the broad jump at 19 feet, 3 inches.

Beaver Local won 10 of the 14 events with Tom Burnett scoring a victory in the 880 yard run. He was timed in 2:18.6. Norm Gaydos took the high jump going 5 feet, 6 inches. The 880-yard relay team of Roberts, McLaughlin, Smith and Diddle won in 1:40.6 and the mile relay quartet of Roberts, Bradley, Smith and Goodman won in 3:59.

Beaver Local travels to Wellsville Friday.

## Only 8 Clubs Entered In IL's 81st Season

ATLANTA (AP) — Only eight teams will answer the call to play ball tonight when the International League begins its 81st season.

Indianapolis and Little Rock were dropped during the winter and the experiment with a 10-team loop was ended. Both found refuge in the Pacific Coast League.

Lull Only Temporary

# Phillies' Manager Calls Dodgers 'Sleeping Giant'

NEW YORK (AP)—Philadelphia Manager Gene Mauch, viewing the Dodgers' worst start in Los Angeles history with extreme caution, warned the rest of the National League today not to be lulled into false security.

"This is only temporary," said Mauch of the Dodgers' dismal record of six losses in their first seven games. "They are a sleeping giant right now. But you know they're going to wake up soon."

The youthful pilot made it clear he was in no mood for crowing despite his team's top record of four victories in five starts.

"We just happened to get off to a fast start while the Dodgers got off slowly" he said. "But we're not going to be lulled to sleep by their slump. We know they're a fine club and they'll start playing the brand of ball they are capable of. It's just a matter of time.

"The worst thing we can do is take the Dodgers lightly," Gene added. "That goes for any other club in this league. Take any one of them lightly and they'll pinch your ears back.

"Look what happened to the Phillies last year. We took 31 games from the New York and Houston clubs in 1962. Last year we won only 20 from the same clubs. It just proves what can happen."

Mauch was somewhat concerned by the early season belting of the San Francisco and Milwaukee hitters.

"They sure can throw a scare at you," he said, "especially those Giants. They are the only club in our league who can look bad and still beat you. You hold 'em for six, seven innings and then bang, bang, bang. Those shots you heard came from the bats of Mays, McCovey and Cepeda.

"The Dodgers and Cards must play good to win. We must play good to win. They can play bad and still win."

## North, South Women Meet In Amateur

PINEHURST, N.C. (AP)—The 62nd North and South Women's Amateur Golf Championship was just that today as quarterfinals matched four Northern players against four Southern swingers.

Nancy Roth, defending champion from Hollywood, Fla., met Mrs. Joseph Nesbitt of Greenwich, Conn., in the opening match. Then came Phyllis (Tish) Preuss of Pompano Beach, Fla., and Mrs. Philip Cudone of West Caldwell, N.J.

In the lower bracket Barbara Fay White of Shreveport, La., was matched with Mrs. Helen Sigel Wilson of Gladwyne, Pa., and Louise Fike of Wilson, N.C., played Mrs. George Trainor of Rochester, N.Y.

Second round matches Tuesday produced a pair of surprises among players in the "middle" group.

Mrs. Trainor, playing her first competitive golf since last September, trimmed the No. 1 player in the Carolinas, Marge Burns of Greensboro 3 and 1.

Miss Fike, playing to a three handicap, upset Mrs. Harton Semple of Sewickley, Pa., national quarter-finalist last year, 3 and 1.

Miss Burns lost the first four holes to Mrs. Trainor, then battled back to even the match on the 12th green only to lose the next two holes.

Miss Burns will go on to Augusta, Ga. for the opening Thursday of the Titleholders Tournament.

Miss Fike, even after nine holes on the sun-scorched Pinehurst Country Club No. 2 course shot the next seven holes one over par to beat Mrs. Semple.

### Too Much Protection

SLOVAC, Yugoslavia (AP) — After two burglaries in his shop, the owner of a store in this Serbian community had heavy bars put on the doors and windows. That stopped the thieves. But when a fire broke out inside one night, firemen couldn't get past the bars and the store burned down.

## Olympic Champ Tops Alford On Split Decision

AKRON, Ohio (AP)—Wilbert (Skeeter) McClure, eighth-ranked middleweight from Toledo, wore down the aggressive Clarence (Jet) Alford of Cleveland to gain a split decision in the main event at the Akron Armory Tuesday night.

McClure, the 1960 Olympic champ, boxed well in the eighth and 10th rounds when he staggered Alford with a barrage of lefts. Alford scored well in the early rounds when he was still fresh.

Referee Ronnie Delaney voted for Alford, 99-96. Judge Tom Maxwell voted for McClure, 98-95, and Judge Nate Bridges had it for McClure, 100-92.

In other bouts Tuesday night, Amos Johnson of Medina, scored a second-round knockout over Mert Brownfield of Pittsburgh, Fate Davis, an Akron welterweight, belted Carl Jordan of Pittsburgh freely until the referee halted the fight in the eighth, and Willie McMillan of Detroit unanimously outpointed Jimmy Christopher of Toledo.

Jimmie Dykes, who managed Cleveland in 1961, and Mal McGaha, who led the Indians in 1962, are putting in their second straight seasons as coaches with the Kansas City Athletics.

### Wreck Injuries Fatal

MIDDLETOWN, Ohio (AP)—Carl Bogan, 44, of Middletown died in a hospital here last night of injuries he received in a traffic accident Sunday. Bogan received extensive burns when his car struck a utility pole and caught fire south of Franklin.

# Major And Minor Divisions Seen For Golf Events

By WILL GRIMSLEY
Associated Press Sports Writer

PALM BEACH GARDENS, Fla. (AP)—A quarter of a century ago a sports columnist hard up for material would yank an old acorn out of the fire and dash off a letter to mothers in the land.

"Don't rear your son to be a golf professional," he would advise, "unless you want him to starve to death."

It was sound counsel. There was only a handful of tournaments. Prize money totaled no more than $10,000, with top prize around $2,000. The leading money winner made between $8,000 and $10,000, which was quickly eaten up in travel expenses and caddy fees. Only three or four broke better than even. Most of the players struggled along on hamburger money.

Today a columnist searching for a rainy day idea would be compelled to change the tone of his imaginary letter to the nation's mothers. Playing on the golf tour has become more lucrative than working for General Motors.

There is one problem. The tour is getting too big and unwieldy. There is talk of breaking the tour into two groups — a sort of major and minor league.

Also, some of the players, particularly the more prosperous ones such as Arnold Palmer and Jack Nicklaus, are urging a curtailment of the major tournament schedule. Instead of 45 tournaments, they'd prefer 30.

This is one of the headaches facing the Professional Golfers Association as it takes over its new $4 million headquarters here on Florida's gold coast.

Last year, players competed for $2,349,000 in prize money in 45 official tournaments. Arnold Palmer got the most of the loot —a record $128,230. Jack Nicklaus, in second place, earned $100,040. Indicative of how times have changed for the better is the fact that 14 players earned $30,000 and better, 40 made more than $19,000.

One of the strongest proponents of the double tour is Fred Corcoran, former tournament director of the PGA and now director of the International Golf Association.

Corcoran suggests that the major tour be limited to 100 or 125 leading players with the lapover 125 lesser lights confined to a secondary circuit. Players in the minors would have to earn their way to the big time.

The idea has drawn a strong objection from Jim Gaquin, current tournament manager for the PGA.

"It is true that our fields are getting tremendously large, with around 250 players competing on the winter tour," Gaquin said. "But we believe it impractical both to launch a minor tour and also to cut our schedule."

## Air Collision Cited In Probe Of Crash

WILMINGTON, Ohio (AP)—An Air Force investigating team has determined that the two C119 Flying Boxcars that crashed in Clinton County Saturday night collided in the air, resulting in the death of 17 men.

"Although it will be several days or weeks before all causes are known, the investigating team has been able to establish positively that a mid-air collision occurred resulting in the loss of two aircraft and 17 lives," Col. Irvin Parsons said Tuesday. Parsons is head of an investigating team from L. H. Hanscomb Field at Bedford, Mass.

## Brown's Delighted In Debate With Taft

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown said today he is delighted to be able to meet Congressman-at-Large Robert Taft Jr. in a televised debate.

Taft and Brown are opposing each other in the May 5 primary for the Republican nomination for U. S. Senate. They will debate at WHIO-TV in Dayton April 29, the station announced. The debate is scheduled for 8:30 p.m.

## Wings Lead Playoff 3-2

TORONTO (AP) — Manager-Coach Sid Abel expressed new confidence that his Detroit Red Wings would go all the way after scoring a 2-1 victory over Toronto in the National Hockey League Stanley Cub playoff finals Tuseday night.

The triumph gave the Red Wings a 3-2 edge in the best-of-seven series which returns to Detroit Thursday night. A seventh and deciding game, if necessary, will be played at Toronto Saturday night.

"For perhaps the first time in the series I feel really confident we can take them," Abel said. "We came out fast in the first period and beat them to the puck all the way except for the final period."

The eventual winning goal was scored early in the third period by Eddie Joyal. He took a perfect pass from Andre Pronovost and rammed the puck through Toronto goalie Johnny Bower's legs.

San Jose State will play seven of its 10 football games at night next fall.

# Yogi Can't Worry, Only First Week

CHICAGO (AP) — Yogi Berra chomped on a big black cigar and with Chicago's wind blowing the few remaining strands of his hair he philosophically remarked:

"So we're in last place. So what. If this were the last week of the season, I might be worried. But this is the first week of the season."

With that the freshman manager of the New York Yankees predicted his club will repeat for the American League pennant.

"Look at this way," said Berra. "How would you like to have my starting line-up? Would you trade it for any other club in the league?"

Berra was unconcerned over the fact that the Yankees were in last place in the American League with a 1-4 record.

"Remember," said Berra, "we could just as easily have been 4-1. We lost three games in extra innings."

Despite the Yankees' bad start Berra said he loved managing.

"The only bad point of managing is losing extra inning games," remarked Berra. "We have had good pitching and I know my guys will hit. If they don't, then I'll know it's just a bad year."

Berra said the fact that he had inherited a league champion club had put no undue pressure on him.

"We lost three extra inning games and we didn't look too good in spring training. But I'll bet there isn't a team in the American League that wouldn't trade its starting line-up for mine. So why should I worry?"

---

Former National League batting champion Harry (The Hat) Walker is managing Jacksonville in the International League this year.

# Committee Reports Aired At Midland Post's Meeting

Committee reports and discussions of future events featured the meeting of the Midland American Legion Post 481 Monday night at the post home.

Wliliam E. Coble, auxiliary chairman, reported that the auxiliary will sponsor the annual Poppy Day May 25-26. The men will assist.

A rehabilitation window display will also be set up at the Bassinger & Gifford Agency.

Coble also announced that the auxiliary will hold a coverdish dinner May 11 with gold star mothers guests. A ward party is scheduled May 1 at the Deshon Veterans Hospital in Butler.

It was announced that the post's junior baseball team will play its first game May 22 in New Brighton. A game with the Junior League team of East Liverpool Post 374 is being planned for July 4.

Mark Pike, chairman of the Sons of Legion, reported the boys will meet May 2 at 6 p.m. at the post home. Pike, who also serves as blood bank chairman, urged members to join the blood bank movement.

The post will sponsor the Midland Invitational track meet May 14 at the Midland stadium.

It was also announced that the District 26 meeting will be held Saturday at Wampum High School, when Rep. Frank Clark will present awards for Award Night.

Oscar C. Karlberg of Beaver County, commander, was a guest. Next meeting is May 4.

# *200 To Attend Industry Dinner Fete Of C. Of C.*

Two - hundred are expected to attend the industry appreciation dinner of the Wellsville Chamber of Commerce Tuesday noon at the First Methodist Church.

Gov. James Rhodes will be speaker.

John Bryer, Chamber president, will be master of ceremonies. Industrial and civic leaders will speak briefly.

Gov. Rhodes and his party will arrive by plane at Youngstown. They will be met by a Chamber delegation and escorted to the city.

The dinner is being held to honor local industry and recognize industrial leaders.

Bryer and Atty. William Bush, Chamber secretary, are co-ordinating the activities.

Ernest Lowe will sing a solo after the dinner.

# Officers' Seating Conducted At Klondyke PTA Meeting

Keith Dunlevy, principal, installed 1964-65 officers of the Klondyke Parent - Teacher Association Tuesday night.

They include Toney Adkins, re-elected president; Thomas Durbin, vice president; Mrs. Jo Ann Stewart, secretary, and Mrs. Jean Kidder, treasurer.

Adkins thanked the retiring officers and committee chairmen for their support during the past year.

James Moss was guest speaker and told of the importance of renewal of school levies on the May primary ballot. The group endorsed the levies.

Emerson Hadley, program chairman, and a member of the grounds committee, told of the city's plans for improving the Klondyke playground, since it is city property.

Mrs. Katherine Creaturo, chairman of the ways and means committee, reported on plans to purchase a new sink for the school kitchen.

Dunlevy told of plans to take the patrol boys to a baseball game in Pittsburgh and also the sixth grade party to be held in May.

Mrs. Jean DeLong led devotions and gave the invocation. Mrs. Jean Newlan, teacher, led in the flag salute and gave the treasurer's report.

The attendance banner was won by Mrs. Ruth Dawson's 5th-6th grades.

Three selections were sung by the fifth and sixth grade choir, with Mrs. Dawson accompanist.

Lunch was served by Mrs. Betty Linville and Mrs. Geraldine Adkins.

# 4-H News

Dr. Russell Stryffeler, Columbiana veterinarian, will discuss the common ailments of horses and ponies at the Columbiana County 4-H Horse and Pony Club training meeting Thursday at 8 p. m. at St. George's Parish Hall at Lisbon.

Dr. Stryffeler will also discuss cleanliness of stables, timing of feeding and care of the mare and colt.

The meeting is open to anyone interested in the 4-H horse and pony program, according to Robert B. Lewis, county extension agent in 4-H work.

The first systematic use of guided and ballistic missiles in warfare was during 1944 and 1945, in World War II, when the Germans fired more than 21,000 V-1 and V-2 guided missiles on England, Belgium, and the Netherlands.

# Weirton Council Sets Early Return To EST

WEIRTON — City Council Tuesday night voted 5-2 in favor of ending Daylight Saving Time a month earlier than surrounding cities.

Weirton will switch to DST Sunday, and return to standard time on Sept. 25.

Nearby communities for the most part plan to remain on DST until Oct. 25.

Proponents of the plan expressed concern for the safety of school children who would walk to school in darkness in October if DST was extended to Oct. 25.

## Wellsville Council Acts

# Bidding Ordered On City Supplies

Wellsville City Council Tuesday night ordered legislation to seek bids for coal, lime, alum and gasoline.

Mayor William Daugherty pointed out the present contracts expire July 1. The lime and alum are used at the city filtration plant.

The mayor said a new chlorinator has been installed at the filtration plant.

—:—

COUNCIL also ordered legislation to raise the wages of those who work on the erection of the floodwall gates to correspond with the current scale of the volunteer firemen.

The present rate is $1.50 an hour for floodwall work. The volunteer firemen do the work, but when they are serving as firemen for the city, they get $2.75 an hour.

Estimates are due soon on repairs to the City Hall roof, the mayor commented.

The mayor said the worst chuckholes in the streets will be filled with cold patch as soon as the streets dry out. He said Broadway will be repaired by tearing up strips and replacing it with hotmix rather than just patching the holes.

—:—

ONE SECTION of the pondage area has been cleaned, he reported. At his suggestion, Council ordered Wayne Rose, clerk, to write the Division of Wildlife at Columbus, asking that if the Highlandtown Lake is constructed, the city be allowed to use the water impounded in event of a water emergency.

Rose informed the mayor a letter had been sent the Division 11 State Highway Office at New Philadelphia, asking for resurfacing of Clark Ave. Rose said no reply was received.

Mayor Daugherty said he plans to visit the highway officials in the near future.

Council set Saturday, May 16, as Student Government Day for members of the American Problems Class at Wellsville High School. The students will assume the city offices to obtain an insight on the operation of government.

—:—

CHARLES Wilfing is the instructor.

Jay Hamilton complained to Council that Bill Long, city dog warden, had shot his dog with a tranquilizer gun and killed it. He said he was told the dog was alive and taken to Lisbon. Upon checking, he was informed the animal was dead, he said.

Hamilton asked Council if Long has a "pharmaceutical license" or must have one to use the gun as he must carry a syringe. He asked if the warden is bonded and if he is allowed on private property to get an animal.

Solicitor William Bush said Long is bonded. He said as to the other questions, Hamilton should check with his own legal counsel.

—:—

COUNCILMAN Paul Todd said Council will try to get the answers.

Council authorized Bush and a Council member to attend a hearing April 30 by the State Liquor Control Board at Columbus on a request by Nicholas Rivelle or a D-2 permit to operate the 1300 Bar at 1303 Main St.

Council has gone on record opposing issuance of the license, citing the concentration of bars in the area and the fact it would be within 500 feet of two churches. Council also pointed out the applicant resides in Midland.

Councilman Augin Bowling, water and sewage chairman, said Safety - Service Director Fred Baldasare wants to meet with the committee this week. No water shutoffs have been started as directed by Council, he said.

It was reported the water fund balance for January was $2,420, February $2,387 and March $1,691.

—:—

THERE ARE many delinquent bills on the books. Councilman Meryle Kenney said if nothing is done to collect the back bills by May 1, Council should set up a public utilities commission to operate the department.

Councilman Dwight MacLean said he has requests for four street lights. The finance committee is to determine if money is available.

Councilman Nunzio Lombardozzi, property chairman, said plans are to offer city - owned land along the floodwall for bids for parties interested in a boat marina.

The Rev. James Sanko of the Riverside United Presbyterian Church gave the opening prayer.

# Elkton Plans Levy Meeting

A public meeting will be held at the Elkton School April 29 at 8 p. m. for discussion of the proposed 5-mill Beaver Local School District levy in the May 5 election. Board of Education members will answer questions.

A coverdish dinner and white elephant sale will be held at a meeting of the Mothers Club Thursday at the school. Mothers of children who will begin school in September are invited.

The MYF of the Elkton Methodist Church is currently conducting a paper drive to raise funds to send members to summer camp.

Mr. and Mrs. Raymond Apple entertained at a birthday anniversary dinner Sunday in honor of their daughter, Mrs. Elaine Evans.

Mr. and Mrs. Ronald Smith of Damascus visited relatives here Sunday.

Mr. and Mrs. Ray Moore visited her parents, Mr. and Mrs. Lawrence Stokes, of Leetonia Sunday.

Tom Sturgeon visited over the weekend at Salem.

## City CD Unit Pushes Training At Session

Another training session was conducted by the Civil Defense unit Tuesday night at City Hall.

It was announced that water rescue training will begin in the near future under the guidance of William Sparks. The CD owns an amphibious unit.

Tom Enochs, police chief, and Lewis Bolton conducted training on riot control.

Kenneth Myers, assistant director, spoke on shelter management and assistants. Further training sessions will be held again next Monday and Tuesday nights.

## To Attend Parley

NEW DELHI, India (AP)—Prime Minister Nehru said today he will attend the conference of British Commonwealth prime ministers in London in July. It will be the Indian leader's first trip abroad since he suffered a mild stroke in January.

# AWOL Youth Held In Check On Car Theft

An AWOL Marine from Alabama was being held as a suspect in a stolen car case today in Hancock County Jail in New Cumberland after a hearing Tuesday night before Chester Mayor Harry Abrams on two minor traffic charges.

Pvt. William Archie Shingleton, 21, of Millry, Ala., stationed in Washington, was fined $25 on charges of driving a car with expired plates and having no registration card, and sentenced to 10 days in jail.

The serviceman was picked up in Chester Monday night by Patrolman Clifford Bebout and Deputy Rex Cowey, who said they noticed him tampering with a soft drink machine at Dotson's Service Station.

The officers checked, but made no arrests, deciding to keep the suspect under surveillance. Meanwhile, they received reports that the serviceman was tampering with the doors at Huff's service station. They followed Shingleton and stopped the defendant before he could cross into Ohio.

Deputy Cowey, who was working on his day off and because Bebout's car was being repaired, said the car may have been stolen from a Rambler dealer in Silver Hills, Md., Sunday night. The private apparently ran away from his unit during rifle practice at a range, they said.

The FBI joined in the investigation, and a hold was placed on the serviceman at the request of Marine Corps officials.

## 150 To Attend Dance Of Lisbon GOP Club

LISBON — Approximately 150 are expected to attend the Mid-County Republican Club's "primary dance" Saturday night at the Eagles home.

The "Bobcats orchestra" will provide the music and William Seidner, chairman, said tickets may be purchased at the door.

Mrs. Dolores Stockman and Mrs. Elizabeth Polite head the lunch committee.

## Hospital Treats Man And 2 Boys

A Chester man hurt in a fall from a ladder and two area youths injured in separage mishaps were treated at City Hospital Tuesday.

Paul Doughty, 32, of 122 Pennsylvania Ave., Chester, was treated for an injury to the left elbow suffered in a fall from a stepladder.

Howard Fisher, 15, son of Howard Fisher of Sunnyside Ave., received a sprain of the ankle which he twisted before falling down steps.

Mark Strachan, 14, son of Ed Strachan, 309 Virginia Ave., Chester, suffered a puncture wound of the right foot when he stepped on a nail.

Lactic acid is formed when milk sours.

## 2 From County Attend Hearing On Lake Fees

LISBON — Atty. Charles Pike and Paul (Jake) Flugan were among approximately 100 persons attending a hearing held Monday by the Department of Natural Resources Division of Parks and Recreation at Columbus on the fees for boat docks and space at state-owned lakes.

Atty. Pike was the first to speak on the proposed rates of $12 for a dock, and one boat and $6 for each additional boat and $6 for tie-up permit. These are approximately double the rates last season.

Three representatives of the department heard the complaints and reserved a decision. The new rates are slated to go into effect May 1.

# PTA At Newell To Sponsor Quartet Event Friday Night

A barbershop program, "The Sweet Adeline Parade of Quartets," will be sponsored Friday night at 8 at Wells Junior High School in Newell by the Jefferson PTA.

Four groups will be featured, the PTA committee announced today.

Performing will be the Sweet Adelines Chorus of East Liverpool, the "Mode - Makers" male quartet of Youngstown, the "Pittsburghettes," women's quartet, and the "Heathertones" of the East Liverpool Sweet Adelines chapter, current international champions.

The Pittsburgh quartet is from the Golden Triangle Sweet Adelines chapter. Lorida Harvey, Betty Pettibon, Norma Jones and Betty Damaska make up the "Heathertones," international queens of harmony.

The barbershop program takes the place of a school carnival held each year by the Jefferson PTA as a fund-raising project.

Proceeds will be used for a number of projects, including sponsorship of a pre-school tea, sending the school patrol boys to Pittsburgh to a Pirate ball game, and for Cub Scout Pack 10, sponsored by the PTA. The group also maintains the playground at the school and pays the salary of a supervisor.

Carl Mooney is president. The program committee consists of Mrs. Bennie H. Martin, chairman, and Arthur Fluharty, Norman Cox, Frank Williams and George McIntosh.

## Hancock Board Member Named 'Man Of Month'

NEW CUMBERLAND — For services to his county, community and church, John Paul Jones of New Cumberland has been named "Man-of-the-Month" by the Weirton Steel Employes Bulletin.

A picture of Jones and a brief biography appear in the April issue of the steel publication.

A clerk in the 54-inch hot mill office, he was named in January to the Hancock County Planning Commission and is serving his first term as a member of the County Board of Education.

Jones, who will be 36 Saturday, was graduated from New Cumberland High School in 1946 and attended West Liberty State College. While in high school, he worked part-time at Weirton Steel and became a steady employe in 1955 in the sheet mill.

He served in the Navy from 1945-47. He is active in the community, is secretary of the Weirton Toastmasters' Club, vice president of the United Organization, tail tiwster of the Lions Club, and past commander of the VFW in his home town.

Jones and his wife, Gwen, have four children. They reside at 1001 2nd Ave.

## Liquor Permits Total 371 In County For '64

There are 371 total retail permits being operated at approximately 220 different permit locations in Columbiana County this year, Ohio Department of Liquor Control Director Donald D. Cook reported today, a decline of seven from the 378 retail licenses operated in the county during 1963.

Of the 1964 total, the greatest single number is 89, recorded in the D-2 permit class and allowing sale of beer and wine for carry-out.

Other retail permit totals by classification in the county this year are: C-1 13; C-2 66; D-1 65; D-3 52; D-3A 15; D-4 34, and D-5 37.

Throughout the state, there are now 40,658 total retail permits, contrasted to 42,574 a year ago. In both years there have been approximately 23,000 permit locations, reflecting the fact that many of the businessmen and women in the retail liquor trade hold several permits to offer a wider variety of services.

Weather Begins To Calm

# Threat Of High Water Due To Subside In Ohio

By The Associated Press

The threat of high water was expected to subside in Ohio as the turbulent weather of the last few days began to calm.

Thunderstorms continued to wet scattered parts of the state Tuesday night, but the weather bureau predicted they would end today and skies would begin to clear in northern Ohio this afternoon and in central and southern Ohio tonight and Thursday.

Severe thunderstorm and tornado warnings had been posted for southern and central Ohio Tuesday afternoon but the weather bureau took them down at 9:30 Tuesday night.

Cincinnati, however, was hit by a storm with wind gust up to 52 miles an hour. Lightning struck a tent at the Cincinnati Gardens, and a horse that was part of a charity show there was touched by falling wires and electrocuted.

Lightning also struck a Cincinnati home and set the roof ablaze, but it was soon put out. No injuries were reported.

Cleveland was hit by a thunderstorm Tuesday afternoon that dumped more than a half inch of rain in an hour and caused some flooded streets. Hail fell in Parma west of Cleveland and in Garfield Heights on the East Side. Power was knocked out for a short time in Lakewood after lightning struck some transformers on a pole.

The Highway Patrol Tuesday night said about 45 roads were closed, most of them in the southeastern part of the state. The patrol added that many of them probably would be open by this morning.

High water was reported in various parts of the state as the storms, which began over the weekend and continued Monday and Tuesday, swelled streams and rivers.

The Ohio River was rising but was expected to crest at 40 feet by tonight, well below the 52-foot flood stage. The Little Miami had already crested without flooding, but the Scioto was rising and was expected to flood some farmland.

The Blanchard River was flooding parts of the Findlay area after nearly four inches of rain since Saturday.

High water also was reported in parts of Athens, Delaware, Licking, Logan and Morrow counties.

The Hocking River was reported more than a foot over the 17-foot flood stage.

The Scioto River was expected to crest from two to six feet above flood stage along its length by Thursday morning, and the Sandusky River was to crest a little above flood stage this afternoon.

## Optimism Voiced In Future Newspaper, Labor Disputes

NEW YORK (AP) — Cautious optimism that newspaper management and labor will find a way to settle disputes without costly strikes was expressed today by Irwin Maier, president of the American Newspaper Publishers Association.

Maier is president and publisher of the Milwaukee Journal and the Milwaukee Sentinel.

Maier, speaking in a city that had a 114-day newspaper strike little more than a year ago, told of two off-the-record meetings since then between some newspaper publishers and "a number of international newspaper union presidents."

One session was held at Santa Barbara, Calif., last September and the other in Tampa, Fla., in January. No transcripts were made and "frankness and candor were the order of the day," Maier said.

"As a result of these two meetings, we have been able to correct some mutual misunderstandings," he said. "Also as a result, we have agreed to explore the field of technological improvements in the newspaper business and the possibility of developing better methods for collective bargaining."

Maier sounded the note of optimism despite a report Monday by the ANPA labor relations committee that "it is a fair assumption that unions will continue to think in a militant way in terms of striking to achieve their ends."

The Milwaukee publisher addressed the first general session of the convention.

Other speakers included K. M. Whitworth, president of the Newspaper Society of Great Britain, and Jules Dubois, Latin-American correspondent for the Chicago Tribune.

The convention will close Thursday with business and the election of officers.

Gene Robb, publisher of the Albany (N.Y.) Times-Union and Knickerbocker News, the ANPA vice president, is regarded as in line to succeed him.

## Southerners In Surprise Rights Move

WASHINGTON (AP) — In a surprise move, Southern senators battling the House-passed civil rights bill have called up an amendment to provide for jury trials in criminal contempt-of-court cases.

With the Senate debate now in its 37th day, this maneuver could throw out of kilter the plans of Republican Leader Everett M. Dirksen of Illinois to bring up Thursday the first of 11 amendments he has offered to the antijob-discrimination section of the measure.

However, Sen. Richard B. Russell, D-Ga., leader of the Dixie forces, indicated they probably would not object to letting the Senate act first on the Dirksen amendments.

"If Sen. Dirksen wanted to get to his amendments first, we might by unanimous consent agree to lay ours aside temporarily," Russell told newsmen.

One immediate, tactical benefit for the Dixie forces was to clear the way for them to make a new round of speeches without running afoul of the Senate's two-speech rule.

Asst. Democratic Leader Hubert H. Humphrey of Minnesota, floor manager of the bill, had threatened to enforce the rule to cut down the flow of Southern oratory. But now each senator is free to make two speeches on Talmadge's amendment since it is new business before the Senate.

The jury-trial amendment was introduced Tuesday night by Sen. Herman E. Talmadge, D-Ga., with several of his Southern colleagues as cosponsors.

## Georgetown Zoning Plan Due At Council

Mrs. William Alger, borough secretary, said that no one attended a public hearing, Tuesday night on Georgetown's proposed zoning ordinance.

The ordinance will now be turned over to Council which will schedule a special meeting to act on it.

## City Resident Gets Leniency

An East Liverpool man and another from Pittsburgh involved in a "pep pill" case in Mahoning County have been shown leniency for their co-operation that led to the arrest of a Pittsburgh druggist in handling the stimulant drugs.

Rocco Dino, 42, of East Liverpool and Robert Deal, 33, of Pittsburgh were arrested in Mahoning March 9 with 2,500 of the pills in their car.

The two appeared before County Judge Fred J. Gough Monday for having barbiturates without prescription. Dino pleaded guilty and Deal no contest.

Judge Gough fined them $100 and costs each and suspended one-year county jail sentences on condition they do not commit a similar offense in this county. He suspended the fine against Dino because he already had spent 42 days in jail.

Lt. Orlando DiLullo, head of the sheriff's intelligence and information squad, recommended leniency because the men, particularly Deal, had been so cooperative.

Information obtained from the men led to the arrest of druggist Sam Heyden, 42, of Pittsburgh, by police and federal agents who charged him with violating federal narcotics laws. He sold 1,000 narcotic pills to an undercover agent.

Dino and Deal were arrested at a truck stop on Route 7 in North Lima after a Canfield Township service station attendant told deputies the men had tried to sell him the pills.

## Area Education Unit Will Convene Monday

The special education group of Columbiana, East Palestine, Leetonia, Wellsville and Lisbon Schools will meet Monday at 7:30 p.m. at Joshua Dixon School in Columbiana.

Illustrations and ideas which they found useful in their teaching will be presented.

All special education teachers, supervisors, administrative personnel and regular teachers interested in special education were invited to attend.

## Kennedy Assessment Criticized

WASHINGTON (AP) — In the news from Washington:

—:—

COSA NOSTRA: Rep. John J. Rooney, D-N.Y., disagrees with Atty. Gen. Robert F. Kennedy's assessment of testimony about Cosa Nostra such as that given by ex-mobster Joseph Valachi.

In testimony given Rooney's House Appropriations subcommittee last Jan. 30 and released Tuesday, Kennedy called testimony such as Valachi's "one of the most significant developments in the field of law enforcement in recent years."

But Rooney said Valachi was "utterly cockeyed" about the death of an important witness years ago and implied that everything Valachi had said has been known for 20 or 30 years.

—:—

BRIEFINGS: Sen. Barry Goldwater of Arizona calls unwise a proposal by President Johnson to give intelligence briefings to "major candidates for the office of president."

But perennial GOP candidate Harold E. Stassen quickly accepted Johnson's Monday offer and said he will ask that intelligence officers come to him in Indiana, where he is campaigning in that state's GOP presidential primary.

Goldwater said the President should wait until the Republicans pick a candidate before offering any secret data. He said too much security information is already being discussed politically—especially by Secretary of Defense Robert S. McNamara.

New York Gov. Nelson A. Rockefeller, like Goldwater a candidate for the GOP nomination, said in New Orleans he wouldn't comment without knowing more about the President's proposal.

—:—

ARRESTS: Authoritative sources say the United States and Soviet Union are close to a consular agreement after the Soviets agreed that whenever an American is arrested in the Soviet Union the American consul must be notified and permitted to visit him in prison.

The sources said Tuesday that the Soviet Union had been told that the United States would not consider a pact without this proviso.

—:—

COMMUNIST: The Justice Department has asked the Supreme Court to review a federal appeals court ruling that overturned conviction of the Communist party on a charge of failing to register as an agent of the Soviet Union.

The U.S. Court of Appeals last year threw out the Dec. 17, 1962, federal court conviction. The party was convicted of violating the Subversive Activities Control Act and given the maximum penalty of a $120,000 fine.

In its ruling the appeals court said the government had failed to prove that there was a volunteer available who would step forward and register for the party under the 1950 act.

## Chaplain Relates Tour Of Duty For Chester Kiwanis

Experiences on a recent two-week tour of duty as a Navy Reserve chaplain were related by the Rev. C. Donald Vogel at a meeting of the Chester Kiwanis Club Tuesday night at the City Hall auditorium.

Rev. Vogel of the First United Presbyterian Church, who served recently at the Great Lakes (Ill.) Naval Training Station, spoke on the theme "This Is Your World."

He said, "The world viewed from a large naval base is still a small world, a kaleidoscopic world, and a mixed up world."

The minster, who is club president, urged Kiwanians and citizens to take hope that it is possible to develop the kind of personal and community discipline which will enable people to live in this dangerous world to practice preventive moral and spiritual medicine.

Twenty-three attended.

## Dinner Fetes Retiring Employe At Crucible

About 80 attended a dinner at Deramo's Azure Room in Midland Saturday night honoring Johnie L. (Roy) Smith of Beaver, who is retiring from the Midland Works of the Crucible Steel Co. after 28 years service.

Formerly of Midland, Smith was an assistant roller in the hot strip mill. He was presented several gifts from fellow employees and received congratulations from Charles R. Schmitt, flat rolled products division superintendent.

## Named As Director

CINCINNATI (AP) — Robert W. Lockridge, 54, has been named Cincinnati's safety director to succeed Orie Hamilton. Hamilton retires Aug. 1. Lockridge is a retired U. S. Army colonel.

Year-Long Project Of PTA

## Industry School Library Opened

Mrs. Woodrow Pflugh, president of the Parent - Teacher Association, helps Carol Rodway, left, and Mary Jo Webb load up with books from the new library at the Ray W. Snyder Elementary School at Industry, which was opened to the students today.

The library has been a year-long project of the PTA and begins with 217 books. Volunteers from the PTA will staff the library one day each week.

There will be a display of books Friday at the school from which the library committee will make a further selection.

Mrs. Pflugh said any parent desiring to contribute a book may come to the school from 1 to 4 p. m. and make a selection or may send a contribution to the school for the library fund.

Anyone with children's books in good condition to donate may contact Mrs. Pflugh.

Another unit of the Western Beaver County School District, the Fairview Parent-Teacher Association, established a library, which is now in its third year of operation and has 733 volumes.

## Wellsville School Unit Seats New Officers' Slate

Officers of Garfield Parent - Teacher Association of Wellsville were installed by Mrs. Marjorie Kinzel at the final meeting of the school year Monday night.

Assuming office were Mrs. Betty Salsberry, president; Mrs. Ruth Barlow, first vice president; Samuel Linger, second vice president; Mrs. Wanda Dickey, secretary, and Mrs. Marcelline Gooch, treasurer.

The Rev. Bruce Davis of the Covenant United Presbyterian Church led devotions. Mrs. Violet Osborne, outgoing president, appointed an auditing committee, Mrs. Marilyn DeFalco, Mrs. Btety Figley and Mrs. Ruth Campbell. A report of the Child Counseling Center dinner held recently was given by Mrs. Joan Joy and Mrs. Kinzel reported on the Ohio PTA conference.

For the program a jazz combo of David Lloyd, Richard Cheatwood and Vincent Boggs played several selections. The room count of parents was won by the second grade of Miss Mary Ondick. The sixth grade held a candy sale and refreshments were served by the social committee.

## Wellsville PTA Selects Officers

Mrs. Dorothy Bunfill was elected president of the McKinley Parent - Teacher Association of Wellsville at a meeting Monday night.

Dale McIntosh is first vice president; Lester Bickle, second vice president; Mrs. Edna McIntosh, secretary and Mrs. Judy Craven, treasurer.

The annual school picnic was planned for May 22 at the Roadside Park with Mrs. Garnet Smith and Mrs. Edna McIntosh, outgoing president, in charge of games and Mrs. Craven, refreshment chairman.

A representative of the Steubenville office of the Youngstown Blue Shield Insurance Association spoke on "Physically Retarded Children." The meeting May 18 will be a coverdish dinner.

### Million In 50 Years

MIAMI, Fla. (AP) — Shoe repairman Bill Giles recently marked his 50th year in business. He calculates he has worked on a half million pairs of shoes during his years as a cobbler.

### Working Longer

BELGRADE (AP) — Communist Yugoslavia has prolonged its retirement age for workers. Under new regulations men will have to work 40 years and women 35 years for full pensions. Previously men got full retirement pension after 35 years work and women after 30 years.

## Fund Use Listed By Cancer Aide In Kiwanis Talk

An explanation of the use of Cancer Fund money was given by Mrs. Audrey Newtz, president of the Columbiana County Cancer Society, at a meeting of the Wellsville Kiwanis Club Tuesday noon at Piatt's Tea Room.

She explained the society's attitude toward federated and united drives, pointing out it prefers to remain on its own because it is a national program and all the money can be channeled to one research program.

She said 33 per cent of the money collected goes to research, 29 per cent to public and professional education, 20 per cent for aid and comfort to cancer patients, 10 per cent for fund raising promotion and 8 per cent for administration.

She was accompanied by Mrs. Marjorie Dysert, chairman of the fund drive in Wellsville.

The Smithsonian Institution's new Museum of History and Technology in Washington has on display a 180-ton steam locomotive and tender. They are so large that the hall had to be built around them.

# More Units Join Bouquet Expedition Anniversary

LISBON — Robert P. Kelm, co-chairman of the Columbiana County Bouquet Commemoration Committee, announced today extensive plans are being made to observe the 200th anniversary of Col. Henry Bouquet's expedition against the Ohio Indians in 1764.

Kelm and William E. Stewart of New Kensington, Pa., co-chairman for Ohio and Pennsylvania, said several historical units will participate.

Organizations already preparing are the Aboriginal Explorers Club, under the leadership of Harry Cline, and the Tuscarora Trail Muzzle-Loading Club, under Tom Pike of Guilford Lake, who has spent many years of work and study to build Fort Tuscarora, which houses one of the finest collections of local historical items found anywhere in the country.

Col. Joseph Robbins of East Liverpool, commander of the 19th Regiment of the Buckeye Blues Brigade, has been asked to have as many of his unit as are available to participate in the ceremonies.

O. E. Goetz, the Swiss consul, has sent a flag for use during the commemoration. Goetz is also planning to attend, representing Switzerland, where Col. Bouquet was born.

The British Consul General, J.K.F. Bamford, has expressed his regret at being unable to attend since he is returning to England in May. However, he is sending a flag for the event and hopes his successor may be able to attend. Col. Bouquet fought under the British flag in his expedition to Ohio since this event took place some 20 years before the revolution.

Gov. William H. Scranton of Pennsylvania is sending the Pennsylvania State Flag. Troops used in the venture were organized from German-speaking families of the Philadelphia area.

Gov. James A. Rhodes will also be asked to participate and furnish a state flag to be flown with those already promised.

The Columbiana County Historical Association, under Robert Cole of Salineville, president, is sponsor of the commemoration.

The Columbiana County Fair Board has been asked for permission to hold the ceremonies at the fairgrounds.

Plans call for units representing the Ohio Indians under Chief Pontiac and the Colonial troops under Col. Bouquet to march across Columbiana County from east to west.

The units will join at the fairgrounds where they will camp July 25.

A huge parade will be held in Lisbon that night, with a grand ball for those in costume after the parade.

On Sunday afternoon, a skirmish between the Indians and troops in the fashion of 200 years ago will be held for the general public.

# Republicans At Wellsville Slate Dinner

Plans have been completed for a coverdish dinner to be held by the combined Republican Clubs of Wellsville Thursday at 6:30 p. m. at the Jaycee Hall.

The dinner will mark the kick-off of a membership drive by the Wellsville Republican Women's Club. The membership committee for the dinner will be Mrs. Ruth Cooper, Mrs. Billie Shoub, and Mrs. Inez Carter for the women and Kenneth Carter and Tom Grafton for the Men's Republican Club.

Allen Dalrymple will head the welcoming committee. The diningroom committee includes Mrs. Genevieve Wolfe, Mrs. Anna Patterson, Mrs. Dora Wilson, Mrs. Helen Geer, Mrs. Martha Ralston, Mrs. Helen Roley and Mrs. Marcella Miller.

The Rev. James Sanko of the Riverside United Presbyterian Church will give the invocation.

All interested persons may attend. Candidates will speak briefly.

William Shoub is city chairman. Deputy Sheriff Robert Beresford is president of the Young Republicans Club and Mrs. Mary Clark and Mrs. Betty Rager are co-chairmen of the women's group.

## GCEH Aide Returns

TORONTO — Atty. Michael Blischak has returned from a meeting of the Ohio Governor's Committee on Employment of the Handicapped Monday in Columbus. He is chairman on employment of the handicapped for the Steubenville District. Creation of the position of a full-time salaried director on employment of the handicapped was discussed.

# Hancock Due Services Of Bookmobile

Hancock County commissioners entered into a contract Tuesday with the Weirton Library Board for obtaining service of a bookmobile throughout the county.

The West Virginia State Library Commission has donated a $30,000 bookmobile and $22,000 in books for the project.

Commissioners will pay the Weirton Library Board $500 monthly or $6,000 annually to supervise its operations.

The contract provides that the bookmobile will also be equipped with publications from the Mary H. Weir Memorial Library in Weirton, along with the books provided by the state.

Plans call for the bookmobile to visit throughout Hancock County two weeks of each month, starting in May. William Myers, librarian in Weirton, will be in charge.

Commissioners originally planned to obtain a bookmobile on a full-time basis, sharing the cost of $1,000 monthly with Brooke County.

But Brooke County commissioners declined, as they are already supporting two libraries.

## *Negro Youths Beat Pupils And 2 Rabbis*

NEW YORK (AP)—About 50 Negro youths, shouting anti-Semitic epithets, attacked a group of Hebrew school pupils in Brooklyn Tuesday, injuring at least 15 of them, police said. Two rabbis who went to the aid of their pupils were beaten.

After calm had been restored, 10 Negro youths beat up Samuel Lipsker, 10, outside the school and fled, police said.

The first outbreak occurred during noon recess at a Hebrew grammar-high school in the Bedford-Stuyvesant section, a predominantly Negro neighborhood.

The Negro youths, boys and girls, some carrying sticks, bottles, chains and switch-blade knives, began to push and hit pupils on the school grounds. The pupils, ranging in age from 9 to 12, fought back with their fists, witnesses said.

Rabbi Abraham Barnetsky, 46, took on a boy he supposed to be a leader of the Negro youths. "Two of my fingers were cut by this garbage can lid," the rabbi said.

Another teacher, Rabbi Isidore Kolodny, was punched in the abdomen during the 10-minute fight.

It ended when Leo Berkman, 43, a city building inspector, stopped his car and made a citizen's arrest of a 15-year-old Negro boy. Berkman said the youth clouted him with a belt buckle when he identified himself. The other Negroes fled upon hearing police sirens.

Rabbi Barnetsky, who had charge of 150 boys in the school yard, said the first indication of trouble came when two Hebrew students complained that several Negro boys had demanded a nickel from them, and hit them when they refused.

## It's For Economy Not Togetherness

WASHINGTON (AP)—If you notice federal employes inching their desks closer, the motive may be economy—not togetherness.

Bernard L. Boutin, head of the General Services Administration, the government's housekeeping agency, estimated Tuesday that "each square foot reduction GSA is able to accomplish in the average per-employe - square - foot - of - space-occupied produces an annual savings to the government in rental, maintenance, and operation cost approximating $1.5 million."

Boutin told the Senate-House Economic Committee that GSA succeeded last year in reducing the average from 150.3 to 146.8 square feet, saving $5 million.

## Nine Negroes Jailed After Traffic Tieup

HOUSTON, Tex. (AP) — Nine Negroes were jailed Tuesday night after a traffic-snarling disturbance at the height of a Texas San Jacinto Day celebration.

Deputy Sheriff Jack H. Bonner said the persons denied they had deliberately stalled traffic at the Lynchburg ferry in sympathy with a stall-in proposed for today's opening of the New York World's Fair.

Bonner said the lead car of a 35-vehicle line refused to board the W. H. Hobby ferryboat. When officers arrived, he said, "it was a drunken mess." About 15 persons were arrested but only nine were charged. Two were released after paying fines.

## Joan Lands On Guam In World Flight Bid

HONOLULU (AP) — Aviatrix Joan Merriam landed her twin-engine plane on the Pacific island of Guam Tuesday night on her round-the-world flight.

The 27-year-old Long Beach, Calif., housewife flew to Guam from Lae, New Guinea. She is nearing the end of a globe-circling trip, which began in Oakland, Calif.

She is following the route of the famed aviatrix Amelia Earhart, who disappeared with her male navigator over the western Pacific on a world flight attempt in 1937.

## Wreck Which Injured Six Blamed On Bee

ATLANTA, Ga. (AP)—An automobile accident in which six persons were injured was blamed on a bee.

Traffic Investigator J. N. Anderson said a driver had stopped on Atlanta's expressway when a bee flew into the vehicle. He said another car had swerved to miss the first car and crashed head on into a third automobile.

Anderson said the first driver said she had stopped because she didn't want to cause an accident.

Sometimes Sticky Business

# Use Of Credit Has Made U.S. Richest In World

By JACK LEFLER
AP Business News Writer

NEW YORK (AP) — Credit makes the business world go around.

Americans use credit to buy more, spend more and borrow more than any others.

Use of credit has made the United States the richest in the world.

It keeps the automobile assembly lines rolling. Department stores do more than $8 billion of credit business annually.

But sometimes credit becomes a sticky business. Bankruptcy and other miseries are ahead for those whose credit becomes overextended.

This factor and what can be done about it was discussed this week by Harry E. Fuller, vice president of Capital Finance Co. of Columbus, Ohio, at the National Retail Merchants Association's credit management division conference.

Fuller pointed out that in 1950 the installment consumer credit outstanding stood at $14.7 billion and that in that year 33,392 personal bankruptcies were filed. By 1963 installment credit had risen to $53.7 billion and there were 155,000 personal bankruptcies.

With more people floundering under the weight of debt, Capital Finance Corp. in 1955 established in Columbus a free debt counseling service called Economy Budget Service Co.

Unlike commercial debt pooling companies, this one did not charge for its services.

"We believe that those who need this service are least able to pay for it," Fuller said.

During its eight-year history, Economy Budget's counselors have handled more than 5,000 inquiries from people owing more than $10 million.

Each person owed an average of $2,000 to an average of 10 creditors.

Of the 5,000 who inquired, more than 3,800 were interviewed. Some weren't interested in the discipline of a budget and never returned. Others needed only guidance and left to handle their own affairs. Some were so involved nothing could help.

### Developments Loom In Conservancy Area

DAYTON, Ohio (AP)—A preliminary study indicates recreational developments including new lakes, camping sites and golf courses might be possible around five dam sites in the Miami Conservancy District.

Such developments would have to be compatible with flood control and developed through financing of local political subdivisions or private enterprise, officials said.

The case containing a ship's compass is called a binnacle.

Spring Brings Salesmen

# Chamber Suggests Care In Home Repair Contract

Noting that pleasant spring weather always brings a big increase in door-to-door and telephone solicitations, the Chamber of Commerce today warned East Liverpool area householders to investigate thoroughly before signing a contract for home repair or improvement.

When approached by a salesman, home - owners should assure themselves of the reliability and general reputation of the firm he represents, particularly if it is a comparatively unknown concern from out-of-town, the Chamber warned.

Householders must remember that a salesman's verbal promises are not binding on his company — that the law will require the firm only to adhere to the written contract, it added.

In considering a household project, the owner should compare prices and specifications of out - of - town concerns with similar estimates from reliable local concerns, the Chamber said.

If the concern claims to have done work locally, it should be asked for a list of its customers so that they can be checked on the quality of the work and fulfillment of the contract, it added.

East Liverpool residents should remember that it often is difficult or impossible to obtain correction of defective work from an out-of-state contractor, the Chamber said. Once the householder has signed a completion certificate for the work and the crew has left town, it may require a costly court action to force correction of defective work, the Chamber said.

It warned particularly against a growing practice of long-term financing via second mortgages on the part of some improvement concerns. The companies offer a "consolidation" of present debt with the cost of the home improvement work, but the smaller monthly payments they promise extend into a period of many years, the Chamber warned.

Householders approached by a concern offering a loan "consolidation" plan with a second mortgage should go over the scheme with the financial institution that holds the first mortgage, the Chamber said.

In addition to remodeling work, spring also brings a surge in other property-improvement offers such as landscaping, sale of shrubs, fertilizer and humus and furnace cleaning and repair, the Chamber warned.

It offered a nine-point check list to help consumers avoid sharp practices:

1. Don't be blinded by "bargains" offered at prices which are hard to believe.
2. Don't be misled by the dealer who lures you to his establishment with an attractive offer of a standard brand item and then tries to talk you into a higher priced off-brand item. The technique is known as "bait and switch."
3. Don't be rushed into buying anything by talk of a "golden opportunity" or persuasion that it is "a last chance to get in on a good thing."
4. Don't permit a household appliance, television or radio set to be taken from your home for repairs without first receiving in writing an estimate of the probable repair cost. Obtain assurance that no additional charges will be made without your consent.
5. Don't accept oral guarantees. Get it in writing. Make sure you understand what it says and that it protects you fully.
6. Don't sign a contract without reading it carefully—especially the fine print. Insist that all the details of the sale be in writing. Get a copy of the contract.
7. Don't make financial commitments which you cannot possibly meet.
8. When ordering as a result of a telephone call be sure you have the right to refuse the article if it is not as described.
9. Don't hesitate to investigate before buying.

# Hoover Says Red Influence Exists In Negro Movement

WASHINGTON (AP) — FBI Director J. Edgar Hoover has told a congressional subcommittee that "Communist influence does exist in the Negro movement."

The transcript of his Jan. 29 testimony, made public Tuesday, does not show whether he cited any specific examples.

The Communist party, he said in his appearance before a House Appropriations subcommittee, tries to expand its influence among Negores and particularly has "sought ways and means to exploit the Negro civil rights movement."

The Communists, Hoover said, try to use "what are often legitimate Negro complaints and grievances for the advancement of Communist objectives."

The number of Negroes who may be attracted to Communist party membership, "is not the important thing" Hoover said. He cited an old Communist principle that "communism must be built with non-Communist hands."

"We do know," he added, "that Communist influence does exist in the Negro movement and it is this influence which is vitally important. It can be the means through which large masses are caused to lose perspective on the issues involved and, without realizing it, succumb to the party's propaganda lures."

At this point in the testimony Hoover asked to speak off the record, so the hearing transcript does not show whether he was asked for, or gave, any specific instances of Communist influence among Negroes.

Hoover, reporting on the FBI's activities, also described efforts by Communists to recruit American students to their views.

The Communists, he said, have shown "considerable patience" in these efforts and sometimes finance students' college education provided they would seek government employment after graduation and cooperate with Soviet intelligence.

### Grocers Will Discuss Food Stamp Proposal

The East Liverpool Area Grocers' Assocation will meet tonight at 7:30 in the Potters Savings & Loan Co. annex to discuss a proposal for adoption of the federal food stamp plan.

Rep. Wayne L. Hays has supplied information in a letter to be presented to the membership. The food stamp plan is in use in several sections and the House has passed legislation to expand the program of food distribution to the needy.

Independent grocers in Chester, Newell, Wellsville and other area communities are invited. Garvin Burgess is president; Earl Fullerton, vice president; Larry Finlay, secretary - treasurer, and Max Nidoff, counselor.

The economy of the Watusi tribe in Africa was a kind of cattle feudalism. A Watusi's wealth, prestige and political position depended on the size of his herd.

# Bringing Up A Family

By DR. GARRY MYERS

### *Shy Child Has Outgoing Sister*

Suppose you had two girls, 10½ and 7 years of age, respectively. Suppose the younger was vivacious and outgoing and the elder very quiet and very serious. Is it possible that she is so quiet and serious because her younger sister is so outgoing? From Indiana, a mother writes: "We are a family of four. My husband is a wonderful father, quiet, gentle, understanding. Our children adore him. Our children are Jane 10½, and Mary 7 years old.

Dr. Garry Myers

"They are both lovely girls, excellent students and very well-behaved. I have had nothing but excellent reports on both girls from school. I can truthfully say I have no serious problems with either one.

—:—

**"ONE THING BOTHERS** me—just a little. Jane, our older girl, has always been quiet and serious. She is not interested in joining any groups, the Girl Scouts, or in going to camp, is very selective in choosing her friends and is just happy staying at home. She does not seem to miss outside activities—so I have not pressed her.

"She is sociable enough in school, but does not care to give or attend parties. She does not care to visit her aunt or grandma (there isn't much for her to do there, but my other girl loves to go anywhere).

"Jane is really very sweet and seems happy, but is it normal to be so introverted? We give the children almost everything and take them out quite a bit, but she does not care to go out to eat anymore either. Also, when I suggest taking someone with us to go roller-skating, ice - skating or to a movie, she always wants to go with 'just the family.' "

**MY REPLY IN** part: It could be that Jane feels that she is overshadowed by her outgoing younger sister and that she doesn't stand as well with you and the relatives and neighbors as her sister does. Whereas jealousy often induces a child to say and do ugly things toward another child and other persons, it sometimes causes the child who feels jealous, to be introverted and to suffer silently.

I hope you don't say anything to her about her being so quiet and serious or mention the matter to others in her presence.

Try to attract some other playmates of her age to your home when you can study her and try to build her up. Be sure to have parties — birthdays and the like — for her so she can invite the friends she wishes. Try to set the stage so she will want to join the Girl Scouts or other groups and attend parties.

When you find it convenient to take another child her age with you skating or to a movie, do so without consulting her—just let her know that's what you're going to do.

—:—

**ENCOURAGE HER** at home to engage in the family conversation and when she talks, as at mealtime, you and Dad should listen carefully and make sure her little sister keeps quiet for reasonable periods while big sister talks.

If Jane finds that you and your guests and friends enjoy hearing her talk, she will feel more worthwhile and be more ready to talk and laugh herself.

My bulletins, "Preventing and Reducing Jealousy" and "Your Child and His Playmates," may be secured by sending a self-addressed stamped envelope to me in care of The Review.

Gains Unspectacular

# Economic 'Good Cheer' Betokens No Early Boom

WASHINGTON (AP) — The economic good cheer radiated by President Johnson last week betokens no early boom; the gains he announced at two news conferences were good but definitely unspectacular.

Looking at the many business indicators now in hand for March, the first month of the massive federal tax cut, most government economists were:

First, a bit surprised that retail sales slipped slightly even though practically every wage-earner had more take-home pay; and

Second, considerably relieved to note that the modest gains provide neither reason nor encouragement for a whirl of higher prices.

Johnson broke the news on Thursday that national output hit a record rate of $608.5 billion in the first quarter, up nearly $37 billion from a year ago.

Most economists had expected something bigger. The $8.5-billion rise for the January-March quarter fell short by nearly $3 billion of the gain in the preceding quarter, and was somewhat smaller than even the quarter before that.

The sales volume of the nation's retailers—who had every right to expect a banner Easter month—declined 1 per cent from February after allowing for seasonal trends, according to the preliminary Commerce Department survey.

The volume of new orders booked by durable goods manufacturers dipped 2 per cent, the first decrease since fall.

Most other indexes rose. But the record seemed to substantiate the forecasts of the President's Council of Economic Advisers that the stimulative impact of tax reduction will be spread out over a period of two or three years.

The council's chairman, Walter W. Heller, told the Midwest Economics Association in Chicago Saturday that the first-quarter rise in Gross National Product is "directly on the projected course" laid out in his January forecast.

At that time the council predicted a total output of about $623 billion for 1964, or a gain of some 5½ per cent from the first to the final quarters.

"This hardly sounds indigestibly rapid," Heller said. Buying demand will not outstrip production, he said; there will still be much excess plant capacity; and unemployment is likely to be around 5 per cent at yearend, despite some improvement since January.

Another government economist, replying privately to a newsman's inquiry on the impact of the tax cut, said it would be premature to judge by the March statistics, but: "If you had to say something, you'd say there has been no visible effect. It will show up a bit later on."

There is wide agreement that the broad March gains cited by the President in his news conferences last Thursday and Saturday were still reflection of the anticipation of a tax cut, rather than the actuality.

## Lisbon Group Names Heads

Mrs. Kenneth Apple of Canton Rd. was elected president of the Parent - Teacher Association of the Lincoln School at Lisbon at a meeting Monday night, succeeding Mrs. Wilford Culler.

The electon was held at a joint meeting with the McKinley PTA at the Lincoln building.

Others named for the 1964-65 school term were: Mrs. Anthony Rubino, first vice president; Mrs. Albert Pastore, second vice president; Mrs. Peter Cibula, secretary, and Mrs. Courtney Pennell, treasurer.

A panel discussion was held on the 1964-65 school budget and cutbacks proposed for the new term by the Board of Education. A question and answer period followed. The panel was comprised of William Haifley, Edwin Kaufman and Atty. Richard Kennedy, members of the board, and Supt. Oliver Payne.

New officers of the Lincoln and McKinley PTA's will be installed at a combined meeting Monday night, May 18. Mrs. Roger James is the new president of the McKinley group.

The auxiliary of the Eagles Lodge is sponsoring a drive for funds to aid Billy Koffell, 3, son of Mr. and Mrs. William Koffell of W. Maple St., who was burned severely March 27 in an accident at his home.

Coin containers have been placed in several business places to receive contributions. The child is a patient in Children's Hospital at Columbus where he is undergoing skin grafts to repair first, second and third degree burns of the body, legs and arms.

The Churchill Cackle Club met Monday evening at the home of Mrs. Mary Hoy of S. Lincoln Ave. Mrs. Ernest Reisinger was a guest.

Prizes were awarded to Mrs. Lawrence Bush, Mrs. William Grate and Mrs. Reisinger.

The club will meet May 18 with Mrs. Russell Reynolds of Caldwell Ave.

## *Need Farm 37 Feet Wide And 1½ Miles Long?*

GUYMON, Okla. (AP)—Need a farm 37 feet wide and 1½ miles long? Or perhaps 20 feet wide and a half-mile long?

These odd-shaped pieces of land—as well as regular tracts—in three Oklahoma Panhandle counties will be auctioned next month, the Bureau of Land Management said Tuesday. The land, amounting to 4,032 acres, is valued at $70,405.

The federal government still holds the land because it was never taken by a homesteader, or because it was lost in old surveying errors.

Peter Gutierrez, chief of the land section of the U.S. Land Office, Santa Fe, N.M., said main value of the land is to adjacent property owners who will get preferential treatment in acquiring the property, if they desire.

## Wellsville Post Picks Boy For Legion State

Wellsville American Legion Post 70 today announced its selection of a delegate to Buckeye Boys State this summer.

He is Terry O'Hara, son of Atty. and Mrs. Delmar T. O'Hara, 245 Highland Ave.

Terry is a student at the Culver (Ind.) Military School.

Buckeye Boys State will be held June 11-20 at Ohio University at Athens. Boys attending set up a mock state government, elect officers and conduct business.

# Glenn Backers See Chances For His Nomination Revived

COLUMBUS, Ohio (AP)—Determined backers of Lt. Col. John H. Glenn Jr. says opponents' failure to remove his name from the Democratic senatorial ballot in the May 5 primary will revive his prospects of being nominated.

But others—Some early Glenn supporters included — contend that it's too late to carry out a successful nomination drive for the injured space hero.

Glenn withdrew from the Senate race after injuring his inner ear in a fall against the bathtub in his Columbus apartment. But his withdrawal came after the March 30 deadline and his name remained on the ballot.

On Tuesday, the State Supreme Court dismissed a suit by Albert T. Ball of Cleveland, who also has been seeking the nomination, which would have removed Glenn's name. Secretary of State Ted W. Brown then ordered election boards in all 88 counties to tally Glenn votes.

Ball and others say such votes would be wasted.

Not so, say Glenn backers, who predict Glenn will have recovered and would accept the nomination if he gets the votes.

Glenn is recuperating in Texas. Others on the ballot for the Democratic nomination for Ohio's junior U. S. Senate seat are incumbent Stephen M. Young of Cleveland, Ball and William Hotchkiss of Akron. Republicans seeking the seat are Secretary of State Brown and Congressman-at - Large Robert Taft Jr.

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: Recently a letter signed "Past Tense" appeared in your column. The writer asked, "Am I wrong, or is the height of bad manners to use a toothpick at the table? Shouldn't the gentleman have excused himself?"

Your reply begged the question. You gave the woman the impression that her escort's bad manners were acceptable and she wound up looking stupid.

I have a 13-year-old daughter who reads your column regularly and respects your advice. Will you please address yourself to the woman's question?—CONNECTICUT YANKEE.

-:-

**Dear Yankee: Approximately 500 people write with the same complaint. Half of the letters came from Boston and the other half came from Maine, Connecticut and Rhode Island.**

**With all those fine schools in New England, how come you people can't read?**

**I said in plain English, "It is indeed poor manners to use a toothpick at the table. The man should have excused himself."**

**I did NOT mean the man should have said, "Excuse me," and used the toothpick there at the table. I meant (and I thought it was clear) the man should have left the table and taken his toothpick to the men's room.**

Dear Ann: Can you tell me what to do about a conscience that's killing me:

Last week we had a semester geometry test. The boy who sits in front of me is just about a genius. Geometry is my weakest subject, although I have managed so far to sweat out a B.

This particular exam was a beast. I got stumped on the last problem and passed a note to the boy ahead of me, asking him to please slide over so I could see his answer. He slid over and I copied straight off his paper. I also changed my third answer after looking at his work.

I got an A on that exam but I feel like a thief. If I confess to the teacher I may get the boy in trouble because he helped me cheat. Please give me your advice at once. — SHOOK COOKIE.

—:—

**Dear Shook: Go to the teacher and tell her you did not deserve an A because you copied off a boy's paper. It is not necessary to let her know that he was a willing helper.**

---

**Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.**

*Dear Friends,*

*The soundest advice in funeral matters is to select a competent, trustworthy funeral director well in advance of need. When death occurs, the stress of emotions makes it difficult to think clearly and leaves little time for investigation and comparison. A funeral director performs a most intimate and personal service.*

## Pughtown Class Plans Bake Sale

Plans were made to sponsor a bake sale April 29 at Harl Stover's service station when the Friendship Class of the Presbyterian Church of Pughtown met in the social rooms Monday night.

The sale will begin at 1 p.m. Plans were also made to purchase music holders for the choir. It was announced that Vacation Bible School will start June 15 from 9 a. m. to 11:30 a. m. for youngsters 3 to 16.

Mrs. Jane Herron exhibited a quilt she made for sale. Mrs. Jackie Huff led devotions. Mrs. Lucille Miller, president, presided.

Mrs. Bonnie Woofter and Mrs. Juanita Richmond were hostesses and 14 attended.

The class will have dinner at an area restaurant at the next meeting, with the place and date to be announced later.

## Ohio 5-Day Forecast

NORTHERN OHIO — Temperatures are expected to average near normal high of 62-63 and low of 39-44. Cooler Thursday, warmer Friday and cooler over the weekend. Showers Friday or Saturday will total one-half to one inch.

SOUTHERN AND CENTRAL OHIO—Temperatures will average near normal high of 65-70 and low 42-48. Mild Thursday and Friday, turning cooler Saturday or Sunday. Total of three-quarters of an inch or more of rainfall in showers or thunderstorms most prevalent during latter part of week.

## Exercise Scheduled For Ohio CD Groups

COLUMBUS, Ohio (AP)—The Ohio Civil Defense staff, 6 state departments, 14 county CD organizations and the Ohio Wing of the Civil Air Patrol will participate in an exercise April 20-30 dealing with emergency operations after a nuclear attack.

County civil defense organizations participating in the exercise will be Auglaize, Cuyahoga, Franklin, Hamilton, Hancock, Lawrence, Lucas, Mahoning, Medina, Montgomery, Richland, Sandusky, Stark and Trumbull.

## Westinghouse Plant Strike Is Called Off

VERONA, Va. (AP) — Production workers were scheduled to be back on the job at the Westinghouse plant here today after a 48-hour strike was called off by the union.

An international representative for the union, Louis Kaplan, said union members voted to end the strike on the advice of the Federal Mediation and Conciliation Service.

Kaplan, of the United Electrical Workers of America, said the union has asked the company that negotiations be resumed April 29 and 30.

The talks have been centered on wages. The union is seeking to raise its hourly scale of $2.05 per hour by 7½ cents.

A spokesman for the company, John H. Fyock, manager of industrial relations for the Verona plant, said: "We are very much pleased that the UE has agreed that employes should be back at work while we are completing negotiations. . ."

Fyock said the company has not changed its position (on wages, which is that no wage increase is justified) because three pay raises have been granted in the past 22 months.

The union has argued that it deserves a pay raise because the average scale for Westinghouse production workers in plants across the country is 75 cents per hour higher than at the Verona plant.

The company says the plant's wages are in line with others in the area.

## Gets Feighan Request

WASHINGTON (AP)—An Ohio congressman's request that columnist Drew Pearson be excluded from congressional press galleries has been referred to a correspondents' committee which decides such things. Rep. Michael A. Feighan, Cleveland Democrat, contends Pearson has promoted the cause of Josip Tito of Yugoslavia in the United States.

## Ohio Student Begins 18-Months Jail Term

ATLANTA (AP)—Tom Taylor Tolg, a student at Miami (Ohio) University, has begun an 18-months jail sentence for violating the state's anti-trespass law during a civil rights demonstration.

Tolg, who had worked for the Student Nonviolent Coordinating Committee last summer, was convicted last August but a pending appeal kept him out of jail until Monday. Fulton Superior Court Judge Durwood Pye overruled his appeal.

## Rail Figure Dies

CHICAGO (AP) — Evan W. Girton, 59, senior vice president and a former director of the Chicago South Shore & South Bend Railroad, died Tuesday.

## Educator Claimed

NEW HAVEN, Conn. (AP)—Arthur Joseph Hill, 76, Whitehead professor emeritus of organic chemistry at Yale University, died Tuesday. Hill, considered an international authority in his field, joined the Yale faculty in 1910 and was chairman of the Yale chemistry department from 1927 until 1951.

Advice to car owners on how to get more in trade!

**When they tell you it's not the first cost that counts, but the upkeep too — that's not the whole story either. Read on . . .**

When you visit our showroom and chat with one of our salesmen you're really just talking with another car owner. There's not a man on our staff who isn't a car buyer himself, with the same interest in getting the most for his money as you. He knows *your* side of the story! And here it is . . .

**First you want the best deal you can get when you buy.**

He'll explain to you our Spring sale of '64 Comets and how it can save you lots of money right off the bat. It's merely a matter of sales volume. Comet sales are up—94% over a year ago,* and still climbing. So we're keeping prices down at rock-bottom to keep our sales sky-high.

**Next you want economy every mile you drive.**

And don't think because a car saves you money by the mile that it's a "dog." Matter of fact, the '64 Comet is the World's 100,000-Mile Durability Champion (each member of a team went that distance recently at Daytona, averaging over 105 mph for the course!). The point is Comets have a host of built-in service-saving features to give economy new meaning!

**And finally — you want the most in trade when the time comes.**

Well—now we come to the happy ending of our story. For high resale is Comet's language! This one has the tradition of record high resale — one of the hottest items in demand on anybody's used car lot. Yessir, if you want to know how to get more in trade—start with a Comet in the first place!

And the first place to come for that is here!

### So Aggressor 'Won't Be Tempted'

# U.S. Makes Nerve Gas, One Of Deadly Weapons

*At a plant in western Indiana, the United States makes a deadly nerve gas in a race to stay ahead of any aggressor, just "so he won't be tempted."*

By JAMES R. POLK

NEWPORT, Ind. (AP)—In a cloistered complex of buildings on a hill in western Indiana, the United States brews and bottles one of war's deadliest weapons.

It is nerve gas, a stealthy assassin that is odorless, tasteless and virtually invisible. A drop, breathed or soaked into the skin, can kill.

At the end of an assembly line laced with 40 miles of pipes, the liquefied gas is poured into rockets, land mines and artillery shells—destination secret.

The facility, housed in a former atomic energy installation now known as the Newport Chemical Plant, is the nation's major supply center for nerve gas. It has been in operation 24 hours a day for three years.

Details on the gas are secret, but a plant official describes it as "hundreds of times more toxic" than any commercial chemical.

An Army publication says only that the gas can "cause death within four minutes." A congressional report says less than a minute's exposure can kill.

"This stuff here was originally developed as an insecticide," says a vice president of the FMC Corp. which operates the plant under a government contract.

The chemicals which form the nerve gas are mixed and boiled in a plumber's nightmare of pipes, furnaces, pumping towers and reaction vats. At one point, the product looks like frozen milk.

In a separate building, the gas is pumped into rockets and other munitions by automatic equipment in a sealed compartment.

The equipment fills the rocket, X-rays it to measure the contents, rinses and dries it, and checks for leaks.

From Newport, the rockets and artillery shells are shipped in "normal Army supply channels" says Lt. Col. William J. Tisdale, officer in charge at the plant. He will say no more.

"Everything we have here we would like for the public to know, but we don't want the Russians to know," Tisdale explains.

The nerve gas is dispersed in a spray when its carrier explodes. It kills by attacking the body's cholinesterase, substance transmitting nerve signals for muscles to expand.

When this fluid is crippled, muscles continue to constrict and the body strangles its own vital organs. There is an antidote, atropine, but it must be injected quickly, and the gas gives no warning.

Manufacture is inexpensive. The Newport operation spends about $3½ million annually—less than the cost of one jet bomber.

The plant includes a complete hospital. Ten per cent of the operating budget is spent on safety. There has never been a plant fatality.

Contrary to popular belief, the United States is not bound by any treaties forbidding the use of nerve gas.

Tisdale describes the Newport operation simply as "a race to stay ahead of any aggressor so he won't be tempted."

By HAL HUMPHREY

## *Gunsmoke Wins Without Cliches*

"Gunsmoke" still gives the lie to those TV programmers who insist the mass public's taste does not recognize quality. In nine seasons on TV, "Gunsmoke" hardly ever has slipped out of the top 15 shows in any of the slipshod rating surveys.

Hal Humphrey

"Lassie" and Red Skelton may shade "Gunsmoke" for consistent tenure in the rating race, but a dog and pratfalls are tough to beat in any league.

-:-

THE QUALITY in "Gunsmoke" is felt in many ways. There is a dusty smell and hard look about it, as there should be, instead of the perfumed look which hangs over Pa Cartwright and his strapping boys on "Bonanza."

Nobody on "Gunsmoke" is a hero every week, a fact which runs completely contrary to Madison Avenue's Boy Scout pledge of allegiance to the American people which says somebody must win and somebody must lose.

A couple of weeks ago Matt Dillon was unable to prevent a double murder, a hanging and an unhappy ending for a widower and his daughter. Had anyone tried to tamper with the Hollywood genre of Western lore in this fashion a few years ago, he would have been tagged un-American.

-:-

"GUNSMOKE" producer Norman Macdonnell gets by with it because he has proved his audience is big enough and mature enough to take it.

He does not take liberties with his freedom, however. Macdonnell continues to insist on stories with simple, logical motives and reactions. Nonrelevant subplots are kept to a minimum.

The script about the widower, for example, also had a young no-good who woundup killing his former fiancee and her new husband in a fit of cold rage. The widower, perfectly played by Jay C. Flippen, and the young killer came together when Flippen had to have the $25 offered to anyone willing to act as official hangman for the convicted man.

-:-

AUTHOR PAUL SAVAGE kept his dialogue brief and to the point and didn't let his characters undergo any sudden alchemy changing them into saints.

As mentioned previously, Matt had little or no control over the situation simply because he is neither a psychoanalyst or Superman. The plot played out to an inevitable and truthful end, with no frayed or far-out edges.

Unfortunately, "Gunsmoke" has become such a TV fixture that the critics and the industry bigwigs evidently aren't paying it much attention. The latter should especially. They might learn something.

That assumes, of course, that they have the talent and patience possessed by Macdonnell —and also writers like John Meston and Kathleen Hite, who do many of the "Gunsmoke" scripts; and Andrew McLaglen and Harry Harris, the two directors for a major number of episodes.

-:-

MACDONNELL and Jim Arness, in other words, have managed to set up a little production island where outside interference from the network, agency men and sponsors is at a minimum.

As long as they remain successful, they won't be invaded. Meanwhile, and equally important, is the fact that large numbers of TV viewers are appreciating dramatic elements which the industry's experts insist viewers won't buy.

Incidentally, the April 11 "Gunsmoke" was the last one for Dennis Weaver (Chester), who stars in his own show next season. He'll be missed, but the character of Festus (played by Ken Curtis) is drawing lots of controversial mail.

"About 75 per cent of it is favorable, the rest hate him, so we figure we've got a winning character," says old hand Macdonnell.

# Today In History

By The Associated Press

Today is Wednesday, April 22, the 113th day of 1964. There are 253 days left in the year.

On this date in 1889, a gun boomed at 12 noon, signaling the start of the last spectacular free-for-all rush for government land. At that moment, 20,000 people surged into central Oklahoma Territory in a race for homestead.

On this date

In 1793, George Washington issued his proclamation of neutrality in the war between France and England.

In 1870, the leader of the Russian revolution, Nikolai Lenin, was born.

In 1898, a blockade of Cuba was declared by the United States.

In 1943, American fliers attacked Rangoon and Mandalay, India.

Ten years ago — The Senate Permanent Investigations subcommittee opened public hearings on charges and countercharges between the Army and Sen. Joseph McCarthy, R-Wis.,

Five years ago — Christian Herter was sworn in as secretary of state.

One year ago — Twenty-seven Americans were freed from Cuban prisons in exchange for three Cubans held in the United States on espionage charges and one for killing a New York child.

## *You Should Exercise To Strengthen Muscles*

In this age of mechanical efficiency we have a muscular deficiency. It is well known that muscular weakness can produce backache, that nagging ailment afflicting so many adults today. A practical way to counteract the effects of sedentary living, and strengthen the back, is to take a few minutes of corrective exercises daily. A gentleman writes in favor of the plan. . .

Ida Jean Kain

—:—

"AS A MEMEBR of the sterner sex. . .I want to tell you how much you have helped me in the correction of a chronically weak back. Two years ago you had in your column some exercises which could be done safely by persons with weakness in the lower back. I owe you a great debt for having made me aware of the need to take back-strengthening exercises regularly. Prior to exercising I had constantly recurring trouble. . ."

Here is a trio of exercises which may be taken safely, except during any acute stage of back trouble. With chronic back ailments, of course, it is wise to seek help from an orthopedic specialist or an osteopathic physician.

Beginning exercises should be taken from this safety position: Lie on back on floor, with both knees flexed and soles of feet flat on the floor. In this position there is no strain on the lower back.

Action: Lift one vertebra at a time off the floor. The aim is to try to curl the tip of the spine upwards, making the end of the spine lift itself up. Then uncurl spine, lowering back to floor one vertebra after another. Repeat routine 3 times, rest, and repeat 3 times. Do this exercise very slowly.

—:—

MODIFIED SAFETY position: Lie on back, left knee bent, right leg straight down. Action: Pull up-and-in snugly, pressing small of back flat against floor. . .hold. Raise right leg about 12 inches off floor. Hold, and very slowly lower leg to floor while counting to ten. Count out loud so as to avoid holding your breath. Lift and lower leg slowly, 5 times. Change position of legs and repeat 5 times with left leg.

Position: Lie face downward on floor, head pillowed on folded arms. Action: Contract muscles of the buttocks, "pinching" together tightly, pulling toward median line. Repeat 3 to 4 times, holding the contraction to a slow count of six.

Follow-up: Raise right leg about 4 to 5 inches off floor (do not arch back). . .hold for count of 10 and slowly lower. Repeat 5 times. Raise left leg and repeat 5 times. Do not "roll" toward the side.

How long to take these exercises? For the rest of your life.

# Mrs. Dorothy Millhorn New Hammondsville PTA Head

HAMMONDSVILLE — Mrs. Dorothy Millhorn was elected new president of the Parent - Teacher Association at a meeting Monday night in the elementary school.

Others named were Mrs. Virginia Hooper, vice president; Mrs. Gloria Pinkerton, secretary; Mrs. Evelyn Stewart, treasurer; Mrs. Lena Crook, parliamentarian, and these chairmen, Mrs. Eva M. Parsons, historian and publicity; Mrs. Bernice Emery, program; Mrs. Shirley Grafton, membership; Mrs. Dorothy Clendenning, hospitality, and Clyde Crook, chaplain.

Mr. and Mrs. Frank Gruszecki were named to the auditing committee. Mrs. Parsons is retiring president.

Committee reports were heard on the variety show to be sponsored May 2 at Stanton Local High School. A feature will be the crowning of an adult "King and Queen" with the winners to be chosen on the basis of letters written by fourth, fifth and sixth graders on why their parents would be good candidates.

Mrs. Gruszecki is to select gifts for the contest. Sarah Cheatwood is show director. Devotions were led by Mrs. Virginia Hooper. Poems were read by Mrs. Evelyn Stewart and Mrs. Emery. Mrs. Frieda Ault's room won the attendance banner.

Movies of past operettas were screened by Clyde Crook. Next meeting is May 18, with installation to be held. Singers still are needed for the chorus for the variety show, and practice for the chorus will be held tonight and Thursday night at 8 at the grade school.

# *YWCA Drops Faith Pledge For Members*

CLEVELAND (AP) — The Young Women's Christian Association has eliminated the pledge of faith required of all voting members in what leaders regard as part of a move to revitalize the country's biggest organization of women.

Approval of the new membership policy Tuesday at the group's triennial national convention will benefit an estimated 65 per cent of the YWCA membership having non-voting status.

Passags of the policy change came after some heated debate on a controversial proposal aimed at eliminating the affirmation of the Christian faith itself. Opponents viewed the proposal as an effort to end the century-old identity of the YWCA as a christian organization and to open its leadership ranks to all members.

The pledge or assent to the purpose of the YWCA was regarded in the past as a stumbling block for Roman Catholics and non-Christians. Non-voters outnumber voters in the YWCA today two to one. Leaders in the YWCA movement still must, however, sign the pledge of faith.

The YWCA, founded in the United States in 1858, claims a registered membership of two million, including voting and non-voting members.

The requirement that all voting members must accept the YWCAs pledge of faith began after the organization dropped its rule requiring that all members belong to a Protestant evangelical church. The change was made for student associations in 1920 and for adult groups in 1934.

FOR RAINY DAYS

April showers are fine for May flowers, but Mary Jayne Sell, a stenographer in Industrial Engineering at Midland works, knows it's smart to have protection against a rainy day.

Similar good coverage is provided by Crucible's benefit program which affords employes "rainy day" protection against the unforeseen. It provides medical and hospital care, unemployment compensation, SUB, and life insurance. On the sunnier side are vacation and holiday pay, pensions, social security, vacation savings and provisions for jury duty. Together with good wages, these employe benefits make Crucible jobs good jobs.

# Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: I usually have a lipstick (pink, red, orange) don't have as large a selection of matching rouge for that hint of color on my cheeks.

By putting a dab of hand lotion on my finger (or on a cotton swab) and rubbing it gently over the top of my lipstick . . . the consistency is just right for applying to my face, and it makes a lovely rouge. It is much easier to apply this way than just using a touch of the lipstick on the cheeks without the lotion. It's easier to spread to the desired areas and blends beautifully. And my colors are always coordinated.

MRS. M.A.

**Honey, I tried it and I think it is a terrific idea! I don't know anyone who does have rouge to match every shade of lipstick. Thanks for that hint.**

**HELOISE.**

DEAR HELOISE: So many times you hear mothers send their small children back to the bathroom to rewash their faces, but never have I seen a mirror in which they can see themselves.

Hang a small mirror down low near the wash basin for them as I did and just see how much cleaner those faces will be!

MRS. D.E.S.

-:-

**DEAR HELOISE: I never seemed to have enough muffin tins when baking cup cakes.**

**Now I use my cookie sheet and place jar rings on it, as you would on a jar, then put the cupcake papers in the rings. You can bake an oven full of cupcakes at one time and it certainly is a time-saver.**

**MELISSA.**

DEAR HELOISE: Instead of buying expensive clothes rollers and delinters, my husband bought a 3-inch paint roller for 29 cents and some 3-inch masking tape. By wrapping the masking tape around and around the paint roller (inside out) you have a clothes delinter that works beautifully, especially on those sticky dog hairs.

The initial cost of the masking tape might be a little high but the role of tape will last for ages and ages.

JANE K.

-:-

**DEAR HELOISE: For housewives who do not have clothes driers. . . .**

**I attached my old curtain stretcher to the rafters of the basement and hung all our anklets and socks on it. Hang one sock on each pin and they will dry quickly, and you eliminate the back-breaking job of picking up clothespins.**

**And you should see how many things that curtain stretcher will hold. . . .**

**MRS. V. McGOVERN.**

DEAR HELOISE: Did you ever stand too close to the mirror when using hair spray and have it spray the mirror?

Nail polish remover will take it off but it will also take off your fingernail polish at the same time! Since we seem to be using vinegar for everything else, I decided to try it. . . and it works. Just plain undiluted vinegar on a soft cloth or piece of tissue and wipe the excess hair spray right off. . . .

READER FROM ST. JOSEPH.

-:-

**DEAR READER: I just couldn't believe it would be so simple! This morning I "shot" hair spray on the mirror intentionally, took an old wash cloth and dampened it in vinegar, wiped off the spray with a few quick swipes.**

**You are so right.**

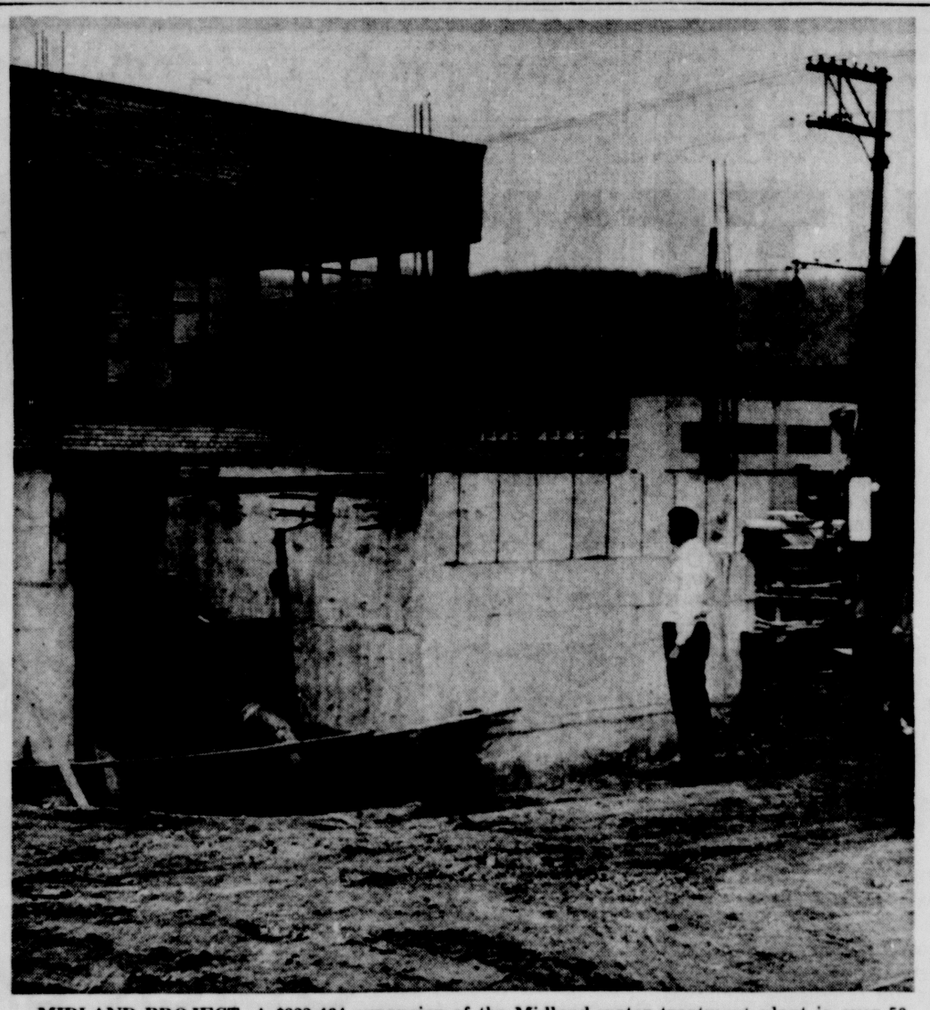
**HELOISE.**

DEAR HELOISE: As I remove an article of clothing from a hanger, I always return the empty hanger to the far end of the rod where only empty hangers are kept. When I need one, I get it from there. Saves looking between all your clothes for an empty hanger.

-:-

**Nan, why do the simplest things escape us? What I like best about this idea is all the time saved by being able to reach into the closet and take out a handful of hangers when I am ready to iron. . . no more groping and knocking clothes off hangers.**

**HELOISE.**



**MIDLAND PROJECT.** A $322,464 expansion of the Midland water treatment plant is over 50 per cent completed, according to Michael Baker Inc., consulting engineers for the Municipal Authority. Donald Craik, manager of the utility, looks over the work which includes additional filters, larger chemical mixture and sludge removal basins and more office space. The facility will supply the new Ohioville system with 250,000 gallons daily.

# Brown Urges Peace Hopes Be Tempered With Caution

FINDLAY, Ohio (AP)—Secretary of State Ted W. Brown says the United States should temper with caution its hopes for world peace.

Referring to recent reports of the removal of Russian troops from Cuba and the U. S. agreement with Russia on a cutback in uranium production, Brown told a Republican rally last night:

"Let us be thankful for any tidings of new hope in our quest for world peace. We should never be partisan in failing to applaud any achievement by administration with the Soviet bloc which would lessen tensions, but we should temper our hopes with caution.

"There have been so many times when out teeter-totter policies have made what seemed to be gains on the one hand while the trade which we made left us on the short end of the balance in American freedoms lost and in world prestige.

"It's an old, old trick which the Communists trot out at intervals in a new dress."

Brown is seeking the Republican U. S. senatorial nomination. He is opposed by Congressman-at-Large Robert Taft Jr.

Another speaker at last night's rally, sponsored by the Hancock County Republican women's organization, was William L. White, who is campaigning for the GOP Congressman-at-Large nomination.

He predicted that Sen. Barry Goldwater of Arizona would receive over 500 votes on the first ballot and be nominated on the second ballot at the Republican National Convention.

## *Cleveland's School Board Asked To Quit*

CLEVELAND (AP)—Some 200 Protestant and Jewish clergymen have asked the seven-member Cleveland Board of Education to quit in the wake of a school boycott which, they said, was "the ultimate repudiation" of the board.

The clergymen, members of the Emergency Clergy Committee for Civil Rights, vowed Tuesday night to continue fasting each Tuesday until satisfied with the board's action in Cleveland's school integration dispute.

"The events of recent cays, in Cleveland, must be interpreted as an overwhelming vote of no confidence in the Cleveland Board of Education," the committee said in a statement.

The clergymen's statement also defended the use of children in Monday's school boycott, which civil rights leaders had hailed as the most successful staged so far in this country.

The United Freedom Movement, a federation of more than 30 civil rights groups which sponsored the boycott, estimated 35,000 to 45,000 youngsters attended the "freedom schools" which were set up for them instead of going to public school.

School officials were expected to release today total figures on pupil absences during the boycott in support of demands for more integration in the schools. An estimated 75,000 negroes are included in the total public school enrollment of 150,000.

In other developments Tuesday:

—Albert A. Bellew, president of the Collinwood Improvement Cuyahoga County's four congressmen uring them to request an investigation of the city's racial problems by the House Un - American Activities Committee. He said he wanted a probe into "possible subversive infiltration into current civil rights demonstrations and mass civil disobedience."

—There were reports from Washington that the Department of Justice will not take action against Cleveland police on some 35 complaints of alleged police brutality stemming from recent racial disorders.

**Receives Second Term**

# S. C. Porter Jr. Retained As Camp Fire Girls' Head

Sidney C. Porter Jr., vice president and engineer of the Globe Brick Co., was returned for a second term as president of the East Liverpool Area Council of Camp Fire Girls at the second annual business session Monday night at the Bryan Recreation Center in Dixonville.

Other officers named were Mrs. Robert Conroy, first vice president; Mrs. Joseph Prager, second vice president; Mrs. Donald Ogilvie, secretary; Richard Emmerling, treasurer, and Paul Herman, assistant.

Elected to the 1965 nominating committee were Mrs. Louis Tobin, Mrs. Larry Walton and Mrs. Harry Faulk.

Mrs. Paul Davis, Mrs. Norman Birnbaum, Mrs. Arthur Eddy, Mrs. Frank C. Dawson, Mrs. Dale Kinsey, William Gaston and Herman were elected trustees for three-year terms.

New neighborhood chairmen introduced were Mrs. Russell Gongaware for Calcutta and Mrs. Richard Haynes for Newell.

Assuming office, Porter spoke on the goals and training objectives for the future.

Mrs. William Ogilvie, who recently resigned, was presented a gift as a token of appreciation for 18 years of service in the council program.

It was announced Friday is the deadline for turning in proceeds of the recent candy sale to the council offices on Broadway.

A plastic casting demonstration will be conducted April 29 from 1 until 3 p. m. in the Potters Savings & Loan Co. annex by the American Handcraft Co.

Porter will be accompanied by Mrs. Eugene Seeley, regional delegate, Mrs. Prager and Mrs. Eddy to the Region IX conference today through Friday at Huntington. Workshops will be held on resident camping along with reports to be heard on the national triennial conference held last November in San Francisco. Porter will preside for one of the panel discussions. The region comprises Illinois, Indiana, Kentucky, Michigan, West Virginia and Ohio.

Annual group finance reports are due in the office on or before June 15.

A new booklet, "Group Discussion Programs For Teenagers," is available for leaders of Horizon Club groups.

The final meeting for the year of the Leaders Club will be held with a luncheon planned May 6 at the Bryan Center. Reservations must be made with Mrs. Jackie Campbell by April 29.

Certificates for meritorious service was presented to the following leaders:

## *Three Are Killed In Plane Crash, Two Others Safe*

FAIRBANKS, Alaska (AP)—Two of five crewmen walked away from the wreckage of a six-jet Air Force weather reconnaissance plane after it crashed and burned on takeoff Tuesday.

Maj. Franklin A. Ross, the aircraft commander, and 1st Lt. Harry A. Lagerwell, the pilot, were seared on the face and hands by flames, but their condition was listed as "not too serious." They are from McClelland Air Force Base, near Sacramento, Calif.

The converted bomber, a WB-47, appeared to lose power in its three right engines as it lifted from the runway at Eielson Air Force Base. It dipped to the ground, slid 1,500 yards off the right side of the field and burst into flames.

The dead were listed as Capt. Warren S. Hillis, the navigator, from McClleland; Maj. Conrad L. Lienhart Jr., instructor-navigator, Fairbanks, and T. Sgt. Charles F. Heckman, crewman, Fairbanks.

### Youth Steals Plane, Flies It, Lands It

MONTGOMERY, Ala. (AP)—Jimmy C. Willis, 16, loves airplanes. That was the only apparent reason for his actions, officers said.

Shortly after midnight Tuesday, Willis took a plane from a hangar, got it started and — although he had never been at the controls of a plane—took off.

Authorities said he flew for some three hours, almost crashing twice and finally landed after clipping several trees and badly damaging the plane. He escaped uninjured.

Chances Are Some Oversleep

# 196 Ohio Communities To Switch To 'Fast Time'

COLUMBUS, Ohio (AP) — Chances are some Ohioans will oversleep an hour Sunday morning.

Why? Because they are residents of the 196 Ohio communities which will switch over to eastern Daylight Saving Time that day.

Only they will have forgotten to set their alarm clocks ahead an hour before they went to bed Saturday night, and when the bell rings at 9 a.m. Sunday the time actually will be 10.

The communities which go on Daylight Saving Time—except for one maverick—are in Eastern Ohio, from Lake Erie down to Washington County on the Ohio River. The maverick is Chesapeake in Lawrence County in southernmost Ohio.

Along Lake Erie, the daylight saving belt extends from Ashtabula County on the Pennsylvania border through Lake and Cuyahoga counties, almost all of Lorain County and a little bit into Sandusky County.

Along the eastern Ohio border, the counties on fast time will be—besides Ashtabula — Trumbull, Mahoning, Columbiana, Jefferson, Belmont, Monroe and Washington.

Other counties in the belt are a little piece of the northeast corner of Huron, about two-thirds of Wayne, about a third of Tuscarawas, almost all of Harrison, and all of Geauga, Medina, Summit, Portage, Stark and Carroll.

If Sandusky voters approve at the May 5 primary, that city will change to daylight saving May 30.

Marion's plan to switch in May was upset by a call for a referendum by voters in the November election, and unless the city council can pass an emergency ordinance Marion will remain on regular time this year.

Most of the fast time communities will switch back to regular time Oct. 25. Barnesville, Belpre, Beverly, Chesapeake, Marietta and St. Clairsville will return Sept. 27.

## Taft Makes Proposal

WASHINGTON (AP) — Rep. Robert Taft Jr., R-Ohio, recommends that the military draft make special efforts to avoid policies that make it difficult for young men to find employment. His recommendation was one of several made Tuesday by a group of Republican House members urging a thorough restudy of the draft system.

# Fish Dish Good Enough For Any Company

By CECILY BROWNSTONE
Associated Press Food Editor

The king of chefs, Escoffier, in his Guide Culinaire (published at the beginning of this century) gives a delightful main dish of poached fish fillets, a delicate sauce and a garnish of Muscatel grapes.

American cooks have adapted this recipe to suit their own needs. Instead of garnishing the dish with grapes, they add them to the sauce. When seedless grapes are in markets, they use these; when they're not, canned light seedless grapes are added.

This is a great dish to serve to guests for a meatless Friday night supper or a Saturday lunch. You might like to accompany it with buttered rice with a topping of crisp toasted almonds. For a vegetable, green peas or julienne snap beans are a good choice.

FISH VERONIQUE

6 fillets of flounder or sole, boned and skinned
Salt and white pepper
2 tablespoons butter
2 teaspoons flour
¼ cup finely minced onion
½ cup dry white wine
2 cans (8¾ ounces) light seedless grapes
¼ cup light cream.

Sprinkle each fillet with salt and pepper and roll up. Fasten with a wooden pick. For poaching the fish, choose a 10-inch skillet or one in which the fillets will fit without crowding. Using the skillet cover as a guide, cut a circle of waxed paper the size of the cover; tear a small hole in the center of the paper; reserve.

Cream together 1 tablespoon of the butter with the flour and reserve. In the skillet, melt the remaining tablespoon of butter; stir in onion and cook slightly. Place fish rolls on onion. Pour wine around fish. Cover with the paper circle. (This helps conserve all the good flavors.) Bring liquid to a boil, then cover and cook over medium heat 5 to 8 minutes, or until fish flakes easily when tested with a fork. Meanwhiile, heat grapes in their syrup. Gently remove cooked fillets to a shallow broiler-proof dish; remove picks. Drain grapes and arrange around fish. Add light cream to juices in skillet; stir in reserved creamed butter and flour; Cook and stir until slightly thickened; pour sauce over fish. Heat under broiler until lightly browned, about 3 to 5 minutes. Serve at once. Makes 6 servings.

After Criticism By Pearson

# Rep. Kirwan 77, Lauded By Fellow Congressmen

WASHINGTON (AP)—It was a heart-warming day for Rep. Michael J. Kirwan of Ohio.

The 77-year-old Democratic congressman from Youngstown found himself the subject of numberous tributes on the House floor Tuesday from party foes as well as party friends.

The bipartisan praise from 39 fellow congressmen folowed publication of a newspaper column by Drew Pearson, which pictured Kirwan as a man who used his power in Congress to pay off personal scores.

Pearson was not mentioned by name in the tributes for Kirwin, but there were many references to statements in the column.

The tributes praised Kirwan for integrity, piety, warmth, honesty and helpfulness. His humble beginning as a 9-year-old slate picker in a Pennsylvania coal mine and his long road "up the hard way" were mentioned several times.

Rep. H. R. Gross, R - Iowa who has criticized Kirwan for pushing through congress a $10-million national acquarium, said:

"I have respect for him at all times as a man of honest conviction, and I am sure he has respect for me. For anyone to suggest by innuendo or otherwise that Mike Kirwan is a disposed member of the House—it is not true, and I resent it."

Other tributes included:

Speaker John W. McCormack, D-Mass.: "Mike Kirwan represents America and the opportunity that exists in our country for everyone. When we talk about Mike Kirwan, we're talking about the best, not the second best."

Rep. Jack Westland, R-Wash.: "He has a reputation second to none, and anyone who says to the contrary—the back of my hand to him."

Majority leader Carl Albert, D-Okla.: "Mike Kirwan's devotion to this country is common knowledge to every member of the House."

Rep. Clarence Brown, R-Ohio: "He always fought fairly in politics."

## Judge Gives Innocent Plea For Man, 37

SPRINGFIELD, Ohio (AP)—A municipal court judge has entered an innocent plea for Russell J. Burke, 39, of Springfield, charged in the fatal shooting of his wife. Preliminary hearing was set for tomorrow.

Judge Richard T. Cole entered the plea after Burke said he did not understand. Mrs. Burke was the mother of five.

Well - equipped kitchens have two large and one small cookie pans on hand. The two large sheets will hold most of the cookie dough from a standard batch of drop cookies and the small pan the remainder.

# PUCO Seen 'Retarding' Public Utility Expansion

The Public Utilities Commission of Ohio cannot continue to "hamstring public utilities and expect them to expand at the same time if economic growth of the state is to be accelerated," Atty. J. Warren Bettis of Salineville told the Rotary Club Tuesday.

Public utilities, the PUC commissioner declared, should have a right to make their own managerial decisions on certain rate cases without the state stepping into the picture.

—:—

"WE CANNOT give public utilities a bare-bones profit and expect them to expand," Atty. Bettis said, pointing out utilities must be kept financially healthy to be able to attract the new capital required to finance their tremendous construction programs in Ohio.

Appointed a PUC commissioner two years ago by Gov. James Rhodes, Atty. Bettis outlined the functions of the commission, an arm of the State Legislature, at the club's meeting in the Travelers Hotel. His appointment was one of the first on a major scale for Columbiana County in several years.

The PUC, Bettis explained, is comprised of three commissioners appointed by the governor for six-year terms, and a staff of 140, including attorney examiners, engineers, auditors, and accountants, investigators for railroad and motor transportation matters, and clerical help.

—:—

THE EXPENSES of the commission are paid by special assessment levied on the public utilities, including the $16,000 annual salaries of the three commissioners.

Declaring the PUC was never meant to be a judicial agency, Bettis hit at "its drift away from its intended duties as set by the state in 1913 and interpreted by the Supreme Court."

"I believe the legislature should impose tighter revisions in areas where the PUC reaches into jurisdictions where it is not concerned; it is destroying the incentive of private enterprise," he declared.

While the PUC must meet fairly its responsibilities to the customers, the companies and the welfare of the state, "it must unloosen the noose on public utilities," Bettis continued.

—:—

HE EXPLAINED the list of regulated public utilities includes railroads, telegraph, water, gas, and the telephone, electric and trucking companies.

A misconception is that the commission guarantees a profit for the utility company, Bettis said, adding this is not true. He compared this idea to a fishing license, which permits a person to fish, but doesn't guarantee he will catch any.

But by the same token, he said, the PUC is not rewarding good management.

He cited one rate case of the East Ohio Gas Co. in Cleveland, which yesterday was in its 98th day of testimony, all by the legal profession. "Not a layman has testified yet," Bettis said, although over 10,000 pages of record have been taken. The taxpayers are footing the bill for this case, he pointed out.

—:—

ATTY. BETTIS also threw a left - handed slap at area officials for failing to offer even one protest to the Pennsylvania Railroad Co.'s application for elimination of less than one-carload shipments to East Liverpool and Wellsville.

The protest hearing was purposely arranged by Atty. Bettis for Steubenville instead of a far - away city, but none protested the application and it was approved by the PUC. Bettis said he feels the continuation of the service was important to Columbiana County's future development.

Bettis, 38, a candidate in the May 5 primary for the Republican nomination as county prosecutor, was introduced by T. Gerald Ryan, program chairman. Ralph A. Finley, president, presided, and local guests were James Reaney, John Eiferd, Atty. John McDonald and State Rep. Clarence L. (Dutch) Wetzel of Lisbon.

# New Jersey Has Placid Primary Vote

NEWARK, N.J. (AP)—One of the most placid primary elections in recent history left New Jersey today with an uncommitted delegation to the Republican National Convention and the first Negro congressional candidate ever to run on a major party ticket in the state.

The organization slate of Republican delegates-at-large led by as much as 10 to 1 over three pro-Barry Goldwater candidates who were running without the Arizona senator's permission or help. Counting of returns from Tuesday's election was slowed by overloaded ballots.

The Negro congressional candidate is William L. Stubbs, 46, Newark automobile dealer who won a three-way primary contest in the 11th District. He defeated a Negro doctor and a white lawyer. Stubbs will oppose Democratic Rep. Joseph G. Minish in November.

Ambassador Henry Cabot Lodge garnered about 40 per cent of the informal Republican presidential preference vote, with Sen. Barry Goldwater second and former Vice President Richard M. Nixon third.

Lodge got 2,236 write-in votes with about 45 per cent of the state's districts reporting. Goldwater received 1,604 votes and Nixon received 954.

The turnout was reported low everywhere because of the gray, rainy day, the overloaded ballot and a scarcity of contests. The Mercer County election commissioner reported a record low turnout of about 8 per cent.

The only real statewide contest on the ballot was provided by the three Goldwater delegates—chief among them being former Rep. Fred A. Hartley, co-sponsor of the Taft-Hartley Act.

The idea of the 10 per cent tithe is introduced in the Bible in the book of Leviticus.

Final plans for the annual auction of the Yellow Creek Grange May 6 at 8 p. m. at the hall were outlined at a committee meeting Monday night at the home of Mr. and Mrs. Lawrence Mick of the Lisbon Rd., Wellsville.

Bill Hiscox will be auctioneer and refreshments will be sold. There will also be numerous articles on the bazaar table. Donations of furniture, dishes, grain, livestock, milk and eggs are being solicited. For pick-ups, persons may call the Micks, LE. 2-2888; Mrs. Zella Quince, LE. 2-4383, or Frank Mick, LE. 2-3654.

Other members of the committee are Mr. and Mrs. Samuel Weese, Jim Falconer, Miss Judy Reight, Mr. and Mrs. Mick and Mrs. Quince. Proceeds will be used for improvement of the hall.

# Lady Elks Plan Card Party For Trip For Choir

Committees have been named for the public card party of Lady Elks of Elks Lodge 258 to be held at 8 Friday night in the ballroom.

Proceeds will go to the East Liverpool High School Concert Choir's trip to the New York's World's Fair.

Mrs. Bernard Barnhouse and Mrs. Ralph George will supervise table arrangements; Mrs. William Fletcher, concession stand; Mrs. Paul Carter and Mrs. Richard Chadwick, prizes; Mrs. James Weston and Mrs. Paul Brand, tickets, and Mrs. Richard Waggle, refreshments.

Mrs. Warren Rogers, president, and Miss Helen Butler, past president, will pour at the buffet table.

Special prizes were contributed by Mrs. Edward Massey Jr. and Mrs. Mickey Dondas. Individual table prizes were given by the officers and standing committee chairmen.

Mrs. James Noble, ways and means chairman, announced tickets will be sold at the door.

## Knox Group To Meet

LISBON — "Functions of the Health Department" will be discussed at the meeting of the Knox Township Home Demonstration Group Tuesday from 10 a. m. to 3 p. m. at the home of Mrs. Richard Borngen of Bandy Rd. Mrs. Helen Stanley will be leader, according to Don Myers, county extension agent in agriculture.

## Junior Editors Quiz on CEREALS

*QUESTION: What is in our breakfast cereals?*

★ ★ ★

**ANSWER:** Cereals get their name from the Roman goddess of the harvest, Ceres. This goddess was worshipped in festivals called "Cerealia." The word cereal means grain or grasses of such kinds as produce grain which we can eat; those grains used in breakfast cereals are mainly wheat, oats, corn, rice and barley. There are two main kinds of cereal, usually served: the kind which has to be cooked at home and dry, crispy kind, coming in packages, ready to eat.

Home cooked cereal is most often made of oats. Oatmeal contains a good supply of the vital body-building element protein as well as useful vitamins and minerals. Wheat, corn, rice and barley kernels all provide meal in various mixtures which make a tasty hot cereal cooked on the home stove.

Corn, wheat and rice, however, are most popular in the ready-to-eat dry form. To make these products, the kernels are subjected to a number of shredding and toasting processes, often including one called "puffing" in which heat suddenly applied causes the kernel to explode, becoming several times bigger than before.

Although, during manufacture, some minerals and vitamins may be lost, these are usually put back before the cereal is packaged. Most dieticians agree that breakfast cereals are a good source of energy we need to obtain from the food we eat.

★ ★ ★

**FOR YOU TO DO:** You will probably use milk with your breakfast cereal; but how about pouring in a little imagination too? Try the addition of fruits, nuts or raisins. Your breakfast will be evenmore delicious; it's food value even greater.

Kirk Metcalf of Durham, N. H. wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash, for this question. Mail yours on a postcard to Junior Editors in care of The Review and you may win the weekly grand prize of Compton's Pictured Encyclopedia.
